No. R. 677-88—L. R. 12-16-209, dated 20th—

Reviewing the Progress of Village Improvement Work during the quarter ended 31st March 1917 ... ... ... ... ... 1—3

No. R. 554-71—L. R. 12-16-208, dated 17th—

Approving of the proposal to entrust to the supervision of Village Improvement Works to Overseers and Mestris employed in connection with the Rural Water-supply Scheme ... ... ... ... ... 4

SECTION 2—LAND SURVEY.

No. R. 542-51—L. S. 63-16-3, dated 17th—

Issuing instructions regarding the disposal of unmapped plots of lands on the frontier boundary which have not been included within the Mysore or British territories .. ... ... .. ... 1

SECTION 3—AGRICULTURE—*Nil.*

SECTION 4—FORESTS.

No. R. 414-23—Ft. 148-16-5, dated 16th—

Directing the continuance of the present system of grazing in State Forests until further orders ... ... ... ... ... 1

No. R. 319-30—Ft. 101-08-9, dated 12th—

Passing orders on the subject of reservation of Malnad Kans ... ... 2—7

No. R. 973-89—Ft. 88-15-22, dated 27th—

Passing orders on the report of the Shimoga District Forest Committee ... 8—18

### II. FINANCIAL.

SECTION 1—GENERAL FINANCE AND BANKING.

No. Fl. 170-1—G. F. 239-16-2, dated 11th—

Approving of the proposal for the employment of Hepers for popularising the Public Branch of the State Life Insurance Scheme ... ... 1

No. Fl. 222-72—G. F. 107-16-16, dated 13th—

According final sanction to the budget estimates for the year 1917-18 ... 2—3

SECTION 2—SEPARATE REVENUE.

No. Fl. 368-9—S. R. 41-10-2, dated 23rd—

Recognising the claim to Excise Revenue from Toddy of the Inamdar, Gowdagere and Alkere villages in the Mandya Taluk and Chakkur and three other villages in the Heggaddevankote Taluk ... ... 1

SECTION 3—SALARIES AND ALLOWANCES—*Nil.*

SECTION 4—CIVIL ACCOUNTS—*Nil.*

SECTION 5—CENSUS—*Nil.*

### III. JUDICIAL AND LEGISLATIVE.

SECTION 1—LEGISLATION—*Nil.*

SECTION 2—COURTS—*Nil.*

SECTION 3—PRISONS AND JAILS—*Nil.*

SECTION 4—REGISTRATION—*Nil.*

PAGES.

SECTION 5—POLICE.

No. J. 244—Pol. 3-17-2, dated 23rd—
Recording the Report on the working of the Coffee Stealing Prevention Act for the season ending the 31st March 1917 ... ... ... 1

IV. LOCAL FUND AND SANITARY.

SECTION 1—LOCAL BOARDS.

No. 467-75—L. B. 83-16-31, dated 21st—
Issuing instructions for the preparation of the Progress Reports of Drinking Water Wells ... ... ... ... ... 1

SECTION 2—MUNICIPAL.

No. 72-91—Ml. 19-16-33, dated 4th—
Directing that in future all proposals *re* Vaccination work and its establishments should be submitted through the Sanitary Commissioner ... 1

SECTION 3—MEDICAL.

No. 545-50—Med. 71-15-11, dated 27th—
Approving of the curricula of studies in the Ayurvedic College for Training Rural Medical Practitioners and directs that necessary facilities be given in the local medical school for the purpose ... ... ... 1—3

SECTION 4—SANITARY—*Nil.*

V. GENERAL.

SECTION 1—PRESS—*Nil.*

SECTION 2—MILITARY.

No. G. 341-2—Mily 252-16-2, dated 11th—
Communicating the decision of the Government of India regarding the compensation for the loss of horses, belonging to the Siladar Regiments of the Imperial Service Cavalry while serving on garrison duty outside the limits of their own States ... ... ... ... .. 1

No. G. 957-8—Mily. 216-16-2, dated 24th—
Sanctioning as a temporary measure the proposals of the Chief Commandant for the revision of the scale of pay, allowances, etc., of the several ranks of the Infantry Regiments at an extra cost of Rs. 38,804 per annum ... 2—3

SECTION 3—MINES AND GEOLOGY—*Nil.*

Passing orders on the programme of work for the Department of Mines and Geology for the next ten years submitted by Dr. Smeeth ... ... 8—13

PAGES.

No. G. 1116-21—G. M. 110-17-5, dated 28th—
Issuing instructions regarding the direct Transmission of Publications to the Imperial Library, the Imperial Records and the Indian Museum ... 14—16

No. G. 1145-54—G. M. 402-15-11, dated 28th—
Amending the rules regarding the Property Qualification of Inamdars to be elected as members of the Representative Assembly ... ... 17

No. G. 1167-8—G. M. 310-16-6, dated 28th—
Sanctioning the revision of the scale of pay of the establishment of the Government Museum ... ... ... ... ... 18

## VI. EDUCATION AND AGRICULTURE.

### SECTION 1—EDUCATION.

No. 155—Edn. 12-16-148, dated 6th—
Sanctioning the course of Study for the M. A. Degree in Sanskrit ... 1—2

No. 250-3—Edn. 3-16-207, dated 11th—
Prescribing rules for exempting certain classes of students from furnishing satisfactory security for their Loan Scholarships ... ... 3

No. 690—Edn. 12-16-153, dated 18th—
Approving of the courses of Study for the M. A. Degree Examination in History, Economics and Political Science ... ... ... 4—5

No. 940-3—Edn. 131-16-5, dated 26th—
Sanctioning a scheme of School-excursions ... ... ... 6

### SECTION 2—AGRICULTURE AND EXHIBITIONS.

No. 342-55—A. & E. 4-17-1, dated 11th—
Prescribing a form for the collection of Statistics for Urban Areas similar to village statistics ... ... ... ... ... 1—8

### SECTION 3—INDUSTRIES AND COMMERCE (INCLUDING CO-OPERATIVE SOCIETIES AND AGRICULTURAL BANKS).

No. 410-502—I. & C. 134-16-2, dated 13th—
Passing orders on the scheme of the Industries and Commerce Committee for the organisation and development of Industrial and Commercial Museums in the State ... ... ... ... ... 1—3

No. 600-50—I. & C. 151-16-3, dated 17th—
Prescribing certain rules for Regulating the Recruitment of Officials in the Co-operative Department ... ... ... ... 4—5

No. 894-902—I. & C. 60-16-50, dated 24th—
Sanctioning certain arrangements for the encouragement of the Sandalwood Carving Industry in the State for a period of one year ... ... 6

### SECTION 4—ECONOMIC CONFERENCE.

No. 981-90—E. C. 4-17-4, dated 27th—
Increasing the pay of certain District Economic Superintendents and modifying the order of 1914 regarding them so far as it affects their salaries ... 1

No. 280-330—E. C. 3-17, dated 11th—
Publishing the names of Ladies and Gentlemen who have done meritorious work in connection with Educational and other Economic Activities in the State during the year 1916-17 ... ... ... ... 2—18

## VII. MUZRAI.

No. 1-11—Muz. 612-16-2, dated 4th—
Modifying procedure, in order to save delay, in the submission of Muzrai Measurement bills except final ones ... ... ... ... 1

PAGES.

No. 149-52—Muz. 660-16-2, dated 20th—

Accepting the deposit under the Charitable Deposit Rules of Rs. 9,000, offered by Mr. M. Chengiah Chetty, B.A., Official Liquidator and Honorary Secretary, Bangalore Hindu Family Pension Fund, for the benefit of the Deaf and Dumb School in Mysore and for the Anna-Vasantha Sangham in the Civil and Military Station, Bangalore .. .. ... 2

No. 158-60—Muz. 570-16-2, dated 21st—

Accepting the deposit under the Charitable Deposit Rules of Rs. 6,000 offered by Mr. Alampalli Narasimhaiya of Dodballapur for certain services in the Sri Lakshminarayanaswami temple built by him at the place, etc. ... 3

VIII. EFFICIENCY AUDIT.

No. 192—E. A. G., dated 19th—

Reviewing the progress in the preparation of Manuals to the end of March 1917 ... ... ... ... ... ... 1—6

No. 108-119—E. A. G. 179-16, dated 21st—

Organization and Development of Subjects for attention during May, June, July and August 1917 .. ... ... ... ... 7

No. 40-88—E. A. G. 79, dated 21st—

Issuing further instructions regarding the employment of members of Backward Communities in the Government service ... ... ... 8

IX. PUBLIC WORKS.

No. 1465-1518—P. W. 7605-7658, dated 18th—

Passing orders in the matter of Raising the Permanent strength of the Engineer establishment by 4 Executive Engineers, 8 Assistant Engineers and 12 Sub-Assistant Engineers ... ... ... ... 1—6

No. 1606-43—P. W. 8160-97, dated 30th—

Ordering the continuance of the Irrigation Division for a further period of two years with effect from the 1st July 1917 ... ... ... 7—9

X. RAILWAYS.

No. R. S. 69-73—Ry. F. O. L. 76-17-18, dated 9th—

Railway Secretary's Note No. R. S. 544, dated 16th April 1917, regarding the preparation of Railway Manuals ... .. ... ... 1

# PART I.

**Progress of Village Improvement Work.**

No. R. 677-88—L. R. 12-16-209, DATED 20TH JULY 1917.

# PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C Per. 32-4, dated the 22nd May 1917, from the Revenue Commissioner in Mysore, forwarding the reports of progress of Village Improvement work in the several districts during the quarter ending 31st March 1917, together with a copy of his review thereon.

**Order No. R. 677-88—L. R. 12-16-209, dated 20th July 1917.**

Recorded.

2. The submission of the returns was again belated. The Revenue Commissioner's attention is invited in this connection to the observations made by Government in reviewing the last quarterly returns (Government Order No. R. 10041-52—L. R. 12-16-122, dated 30th March 1917).

3. *Progress in the working of the Scheme. Essential duties under the Scheme.*—The consolidated statement appended to this review shows the progress in the working of the scheme in the several districts. It is observed from the same that although 15,143 or 93% of the populated villages of the State are supposed to have come under the operation of the scheme, about 45% only of the Committees are engaged in performing the three essential duties under the scheme, of devoting half a day a week for carrying on Village Improvement works by joint labour, subscribing for one or more newspapers, and holding weekly meetings for recreation and instruction. It is not clear what work the remaining 55% of the Committees are doing. In this connection, Government wish to observe that unless a Village Committee is engaged in some actual work, its mere formation signifies nothing. Judged by this standard, the scheme would appear to have made the greatest progress in the Chitaldrug and Bangalore Districts, where the proportion of active Committees is as high as 63 and 58%, respectively, and the least in the Kadur and Mysore Districts, with percentages as low as 31 and 29. There is thus considerable scope for improvement in all the districts, and the local officers should be directed either to induce the dormant Committees to do some actual work, or if this is not possible, to submit proposals for their dissolution.

*Special Village Improvement Works.*—The total amount spent on Specific Village Improvement works, as distinguished from general improvements effected by weekly half-a-day labour during the quarter under review is Rs. 16,264. Adding to this, the sums spent during the two previous quarters, the total comes up to Rs. 49,593 of which only a moiety must be taken as representing the Government grant. The allotment for the year being 1,06,500 exclusive of the reserve of 33,500 for which no applications have yet been received, it would appear that nearly 77% of the allotment remained unutilized at the end of the quarter under review. It is hoped that special arrangements have been made, to fully work out the whole of the budget provision during the last quarter.

The total value of works executed without the aid of Government grants in all the districts is 54,336, the Mysore District leading, with works of the value of Rs. 15,476, and Chitaldrug coming next with Rs. 14,754.

*Cart-tracks.*—Six hundred and nineteen miles of cart-tracks are reported to have been newly opened or repaired in all the districts against 831 in the previous quarter.

No. R. 677-88—L. R. 12-16-209, DATED 20TH JULY 1917.

*Village Common Fund.*—Good progress has been made in all the districts, except Bangalore and Kadur, in the collection of Village Common Fund, the total amount collected being Rs. 12,248.

*Amildars who have done good work under the Scheme.*—The marginally noted Amildars are reported to have done good work in connection with the scheme during the quarter under review.

Mr. B. Muddukrishnappa, Acting Amildar, Mulbagal.
,, J. Ball, Amildar, Chikballapur.
,, M. Kesaviah, Amildar, Chitaldrug.

*Includes 56 inam villages in the Bangalore District and 41 in the Tumkur District and the Deputy Commissioner, Tumkur District, says that he has issued stringent orders for the formation of Committees in respect of all Goverment and inam villages.

†The Deputy Commissioner, Kolar, says that 2,751 plants were also planted by Village Committees in the Mulbagal Taluk.

‡The Deputy Commissioner says that 41 inam villages in Malvalli and Mandya Taluks were omitted by oversight.

No. R. 554-71—L. R. 12-16-208, DATED 17TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

---

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 9190-201—L. B. 189-14-26, dated 21st May 1915, authorising the entertainment of a Work Inspector till the end of June 1916 for each taluk or sub-taluk or groups of taluks or sub-taluks in which works connected with the Village Improvement and Rural Water-supply Schemes of the aggregate cost of not less than Rs. 10,000 have been sanctioned, the charges being met from the funds of both the schemes in proportion to the cost of the respective works.

2. Government Order No. 184-95—L. B. 12-15-43, dated 8th July 1916, sanctioning the entertainment of one Overseer and 3 or 4 Maistries for each district for the year 1916-17 for execution of works under the Rural Water-supply Scheme.

3. Correspondence ending with letter No. A C 398, dated 27th March 1917, from the Revenue Commissioner in Mysore, submitting the views of the Deputy Commissioners and Presidents of District Boards together with his own, regarding the continuance or otherwise of Work Inspectors for supervision of Village Improvement Works.

---

**Order No. R. 554-71—L. R. 12-16-208, dated 17th July 1917.**

It is reported that the scheme of appointing Work Inspectors sanctioned in the Government Order of 21st May 1915 read above was not availed of to any extent and that during the year 1915-16 for various reasons no Work Inspectors were appointed except in the Hoskote Taluk of the Bangalore District and for a short period in the Chitaldrug Taluk. The Deputy Commissioners are generally of the opinion that no separate agency of Work Inspectors is necessary for Village Improvement Works and that the Overseers and Maistries employed in connection with the Rural Water-supply Scheme under the Government Order of 8th July 1916 may look after the Village Improvement Works also wherever necessary. The Revenue Commissioner concurs in this view. Government accordingly approve of the arrangement suggested.

**Disposal of unmapped plots of lands on the Frontier Boundary.**

R. 542-51—L. S. 63-16-3, DATED 17TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

### GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 15, dated 23rd June 1917, from the Superintendent of Revenue Survey and Settlements in Mysore, recommending that during joint investigations of boundary between the Mysore State and the British territory, the following general principle may be adopted in dealing with plots of land, not included within the Mysore State or British territory. "No claim need be set up by the Mysore Representative, to any portion of such neutral plots, unless there is evidence to show that the Mysore boundary had been wrongly laid at the original survey, or that, having been properly laid according to the circumstances existing at the time, the British Administration has allowed without demur, the exercise in the past, by Mysore raiyats, of cultivation or other rights, within such plots."

2. Letter No. C. 5125, dated the 29th idem, from the Revenue Commissioner in Mysore, forwarding copy of letter No. C. 3836, dated the 23rd idem, from the Deputy Commissioner of the Chitaldrug District, stating that in all cases of unmapped areas, such as those referred to above, one-half may be claimed by the Mysore Government and the other half conceded to the British authorities, and recommending that the Deputy Commissioner's proposal may be adopted, unless there is proof to show that the land concerned belongs to either side.

**Order No. R. 542-51—L. S. 63-16-3, dated 17th July 1917.**

Government do not consider it necessary to lay down a general principle on the lines suggested above. In all such cases, the officer deputed to represent the Mysore Government at the joint enquiry, should take into consideration the local position of each such land, and the records and other evidence bearing on the points at issue, and after duly exercising his discretion, arrive at a final decision in the matter, which should be submitted for the ratification of Government in due course, through the Revenue Commissioner.

No. R. 414-23—Ft. 148-16-5, dated 16th July 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

---

## GENERAL AND REVENUE DEPARTMENTS.

---

Read—

Government Order No. R. 106-8—Ft. 196-14-5, dated 3rd July 1916, sanctioning the continuance of the system of the levy of lump sum grazing fees in the State Forests of the Chitaldrug District, and requesting the Conservator to consider the question of the introduction of the Forest Panchayet System.

2. Correspondence ending with letter No. 10121, dated 12th March 1917, from the Conservator of Forests in Mysore, submitting his views in the matter and the report of the Deputy Commissioner, Chitaldrug District.

---

### Order No. R. 414-23—Ft. 148-16-5, dated 16th July 1917.

The Conservator states that most of the villages adjoining the State Forests in malnad have been allowed ample grazing facilities in the State Forests, that grazing is not of vital importance there and that the tending of the State Forests in maidan which are poor but contain rich sandal growth, cannot be entrusted to the unprofessional panchayets. He thinks that the Madras Forest Panchayet System is unsuited to Mysore as the raiyats enjoy many facilities in the State Forests. He further recommends the abolition of the lump sum grazing fee system in Chitaldrug as it is detrimental to good forest growth.

2. The Deputy Commissioner also thinks that the Panchayet System is not suitable, that the Village Forest System is similar to the Panchayet System of Madras and that no State Forests need be placed under any Panchayet. He is of the opinion that the lump sum fee system in the State Forests may be made permanent subject to revision once in three years, as the system will minimise the friction between forest subordinates and the raiyats.

3. Government agree with the Deputy Commissioner that the Mysore Village Forest Scheme serves most of the purposes of the Madras Panchayet Scheme. An extension of the scheme will minimise the raiyats' grievances as well as the drain on the State Forests. It is left to the option of the Village Forest Panchayet to levy the license fee on each head of cattle or the lump sum fee according to local requirements.

4. As regards the State Forests, the system prevalent in each district may be continued for a further period. The levy of lump sum grazing fee in the Chitaldrug District will accordingly be continued until further orders.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No 4260, dated 28th November 1908, from the Conservator of Forests in Mysore, regarding the reservation of Malnad Kans

2. Correspondence ending with letter No. 43, dated 27th August 1915, from the Superintendent of Revenue Survey in Mysore, stating that the services of an officer with one surveyor and ten theodolite measurers costing Rs. 900 per mensem would be necessary for a period of not less than two years to demarcate the occupied kans from the Government unoccupied kans and soppinbettas.

### Order No. R. 319-30—Ft. 101-08-9, dated 12th July 1917.

The question of the reservation of the Malnad Kans has, for a long time past, engaged the attention of Government. A short history of the subject is given in the accompanying memorandum.* After giving their most careful consideration to the whole matter, Government are inclined to agree with the views expressed by Col. Grant in 1899 to the effect that their reservation would entail hardship on the cultivators, and would be inconsistent with the maintenance of existing rights in occupied kans, that their conservancy would be best secured by trusting to the self interest of the occupants and that the kans would suffer by being constituted as State Forests.

* Annexure I.

2. They therefore consider that it will not be expedient to declare all occupied kans as State Forests. Such a measure will be regarded by the malnad raiyats as a measure of confiscation, and the idea of buying up private rights in them also appears to be an extreme measure not justified by the circumstances of the case. Government are convinced that the strong traditional sentiment in regard to these kans should naturally operate as a natural safeguard against any deterioration of private kans. The question of reservation of the occupied kans as State Forests may therefore be finally abandoned.

3. As regards unoccupied kans, however, there is no objection to their being declared as State Forests. The Forest Settlement Officer should cause a list of all unoccupied kans to be prepared with the help of the Superintendent of Revenue Survey, the Deputy Commissioners of Malnad Districts and the local forest officers and take necessary steps for constituting them as State Forests under the Regulation, according to the necessities of each case.

4. Kans are easily distinguishable from other lands on account of their peculiar character, growth and appearance; and unless a more definite statement is made by the Forest Department to prove that occupied kans are clubbed together with unoccupied kans and soppinbettas and given one survey number, Government do not consider it necessary to entertain any elaborate establishment for demarcation. Even in cases in which the three descriptions of land are mixed up together in one survey number, as the areas thereof will have been separately recorded in the Re-survey and Settlement papers, there should not be much difficulty in roughly identifying and locating them on the ground.

No. R. 319-30—Ft. 101-08-9, dated 12th July 1917.

5. In cases however in which difficulty is experienced in distinguishing occupied and unoccupied kans as in the case of the eleven occupied kans in the Mrugavadhe Forest Reserve, the Government are pleased to order that the procedure indicated in the Government Order disposing of these cases should be followed. A copy of that Government Order is appended to this order.

### ANNEXURE I.

MEMORANDUM CONTAINING THE PAST HISTORY ON THE SUBJECT OF RESERVATION OF KANS.

---

The subject of the proper preservation and utilization of the evergreen forests of the malnad known as kans has engaged the consideration of Government for several decades past.

So long ago as 1866, on the recommendation of Major Hunter, the then Conservator of Forests the kans of the Sorab Taluk were closed to the public and classed as reserved forests The object of this reservation was, however, the exploitation of the timber resources of the kans In June 1867, on the recommendation of Lieut Van Someren, the Officiating Conservator of Forests, the Commissioner cancelled the order about the wholesale reservation and directed a careful inspection of the kans and the selection of such as might be found necessary to conserve strictly This, however, involved no relaxation of the rules about the conservation of timber in reserved and other Government Forests, and the kanholders were prevented from felling timber in their kans

2 In May 1868, the Sorab Forests were inspected by Dr (afterwards Sir) D. Brandis and Captain (afterwards Colonel) J P Grant and in their joint report they proposed to divide the kans into two classes (1) occupied and (2) unoccupied. They recommended that the holders of occupied kans should have the right to collect all the minor produce of the kans such as coffee, pepper, toddy, honey, gum, etc , while the Government was to exercise *full rights over timber*, the kanholder, however, being allowed to cut unreserved timber, branches and leaves for his own use and not for sale The unoccupied kans were to be regarded as Government property These proposals were approved tentatively by the Chief Commissioner in June 1868 It was also directed that the Forest Department should fell a tree or two yearly in occupied kans as an indication of the innate right of the State to the timber.

3. Subsequently, both the Survey Commissioner (Col Anderson) and the Conservator of Forests were of opinion that the concession granted to kanholders to fell unreserved timber for their own use was liable to considerable abuse and they recommended that that concession should be cancelled The Chief Commissioner agreed in this view and considered that the kanholders should have permission only to clear the undergrowth and to clip trees where necessary for the growth of the pepper vine and also for the manuring purposes, and that they should be strictly interdicted from felling or injuring the timber trees of the kans

4. It was considered desirable to consolidate the orders passed from time to time and to embody in one notification all the rights conceded to kanholders. The following Notification No 201, dated 8th October 1874 was accordingly issued defining the forest rights of occupiers in the kans of Sorab and those of other taluks —

1. "The right of tapping toddy trees subject to the Abkari Rules, and of cultivating "pepper as also of collecting gum and honey and all jungle produce, is conceded to the holder "of the kan, who may further collect leaves for manure (soppu) and fell underwood to the "extent absolutely necessary *for securing the growth of the pepper vines.*

2. "But the kanholder has no right to fell any timber whatever, nor any right "whatever over the timber trees growing in the kan. If the holder is found cutting or "injuring timber trees in any way, the terms of the tenure of the kan will be considered to "have been broken and the kan will at once be resumed, while he will be further liable to "punishment *for breach of the Forest Rules.*"

5 It will be noticed that by this notification the right to cultivate coffee in the kans was withdrawn as inconsistent with the strict reservation of all timber.

6 In Proceedings No. 6448-410, dated 2nd December 1874, the Chief Commissioner approved of the Survey Superintendent's proposal that the right to cut branches for manure granted to kanholders should be confined to purposes connected with the kans themselves and that such cutting should not be allowed for the use of the leaves in neighbouring gardens or other cultivated lands.

7. In 1878 in connection with the reservation of assessment on the kans in the Nagar Taluk, the restriction on the cultivation of coffee imposed in the case of Sorab kans was relaxed in certain cases. The Government of India however took objection to this relaxation and requested the Chief Commissioner to withdraw the orders permitting coffee cultivation in kans, observing that "the clearance of these limited areas of evergreen forest would be an evil that should by all means be avoided."

8. In passing orders on the settlement of kans in the Sagar Taluk, the rights of kanholders were laid down in notification dated 15th April 1879. The provisions of the notification of 1874 were followed and in addition the use of leaves collected in kans itself and the

No. R. 319-30—Ft. 101-08-9, dated 12th July 1917.

lopping of reserved trees for soppu and the cultivation of coffee were prohibited on pain of resumption of the kan and prosecution of the offender for breach of the forest rules.

9. These rules were slightly revised and amplified as follows in Notification No. 1492, dated 25th November 1885:—

*Rule 1.* "The occupant of a kan has the right to tap toddy trees, subject to abkari "rules, and to cultivate pepper, also to collect gum and honey and all jungle produce; he may "further collect leaves (soppu) for manure for use in the kan itself, and cut underwood and "thin out top branches to the extent absolutely necessary for securing the growth of pepper "vine."

*Rule 2.* "The kanholder has the right to lop unreserved trees growing in the kan for "soppu to be used in the kan itself."

*Rule 3.* "Where a kan extends to within 50 yards of the kanholder's house he has the "right to fell any unreserved trees or lop for soppu any reserved trees which may be growing "within 50 yards in his house on any side. Within those limits he is allowed full liberty to "plant any tree or carry on any cultivation whatsoever. The soppu lopped under this rule "must be used within the kan itself.

*Rule 4.* "Except in the cases covered by the foregoing rules the kanholder has as "regards trees growing in the kan, no right either.

(*a*) "to fell or injure any timber whatever reserved or unreserved or

(*b*) "to lop for soppu or otherwise to injure or interfere with any reserved tree. If "in violation of this rule he cuts or injures the timber of any tree or lops for soppu or "otherwise injures the timber of any reserved tree, the terms of the tenure of the kan shall "be considered to have been broken and the kan shall be resumed, the offender being further "liable to punishment for breach of the forest rules.

*Rule 5.* The kanholder has no right to plant coffee in the kan, and infringement of the "conditions of the kan tenure by planting coffee will render the kan liable to be resumed.

10. Between 1885 and 1889 there was considerable correspondence on the subject of the proper demarcation of kans, soppinbettas and mufat-lands in certain malnad taluks of the Shimoga District in order to facilitate the strict enforcement of the kan rules. The Survey Superintendent, before undertaking the work of demarcation, solicited an authoritative ruling on certain points. In the meantime, Mr. V. P. Madhava Rao, then Deputy Commissioner of the Shimoga District, was placed on special duty in connection with an enquiry into the condition of the arecanut gardens of the Shimoga District and kindred matters. This opportunity was taken to entrust to him the work of investigating the condition of kans and soppinbettas in the malnad taluks. As a result of his investigation, he reiterated the necessity for the careful preservation of kans and observed that there could be no question that kans had from the commencement been treated as Reserved Forests and only a few privileges had been allowed to the kan khist payers. He recommended a careful demarcation of all kans as distinguished from ordinary jungle so that the former might be placed under stricter conservation than was possible in the case of the latter.

11. The following addition was suggested by him to the kan rules of 1885:—

*Rule 6.* "Trees in kans shall be deemed to be the property of the State and except "as hereinbefore expressly provided, no person shall have any right to cut or collect or "remove any timber or lop or injure any trees therein. As regards the kanholder, the kan "shall be deemed to be a District Forest, and as regards strangers, it shall be deemed to be a "State Forest within the meaning of the Forest Rules of 1878, and all breaches of these "rules will be liable to be punished under the Forest Rules of 1878, or under the Indian Penal Code."

12. For several reasons, Government were not able to pass final orders at the time on Mr. Madhava Rao's proposals.

13. In 1895, on the recommendation of the Inspector-General of Forests, Rule 1 of the kan rules of 1885, was somewhat amended as follows:—

"The occupant of a kan has the right to draw toddy from the toddy-yielding trees in his kan, only for the use of the members of his family, but not for sale or for the use of his servants, labourers or other employees, the Government farmers of Toddy Vend being alone entitled to draw toddy for sale after obtaining the occupant's consent. The occupant of a kan has also the right to cultivate pepper, to collect gum and honey and also other jungle produce; he may further collect leaves (soppu) for manure for use in the kan itself and cut underwood and thin out the upper branches to the extent absolutely necessary for securing the growth of the pepper vine."

14. In 1897, Col. Campbell Walker, the then Conservator of Forests, brought the subject again to the notice of Government, and proposed that all kans, both occupied and unoccupied, should be demarcated and notified as State Forests, subject, in the case of the occupied areas, to existing rights of occupancy.

## No. R. 319-30—Ft. 101-08-9, dated 12th July 1917.

15. Before passing orders on the above proposals, Government deemed it desirable to obtain the views of Mr. J. L. Pigot, who had succeeded Col. Walker as Conservator of Forests and of the Deputy Commissioners of Shimoga and Kadur and also of the Superintendent, Revenue Survey.

16. The Deputy Commissioners of Kadur and Shimoga Districts were of opinion that unoccupied kans might be reserved as proposed and that in the case of occupied kans a strict enforcement of the kan rules was sufficient, the Deputy Commissioner of Shimoga being in favour of the supervision of the occupied kans also being entrusted to the Forest Department. Col. J. P. Grant, the Survey Superintendent, expressed it as his opinion that the proposed reservation would entail hardship on the cultivators and was inconsistent with the maintenance of existing rights in occupied kans, that the conservancy of the kans could be best secured by trusting to the self-interest of the occupants and that generally the kans would suffer by being constituted State Forests. He was in favour of granting unoccupied kans to occupants under the kan rules.

17. Mr. Pigot concurred in Colonel Walker's recommendations and with reference to Col. Grant's remarks added that the principal object of the reservation was not to work the kans for the extraction of timber but that, on the contrary, the necessity for maintaining continuously thick tree growth had been emphasised; that the kanholder enjoyed certain usufruct, but even this enjoyment was not of absolute right as the kan might under certain circumstances be resumed by Government; and that the tenure of the kanholder and his rights could be fully enquired into and continued and safeguarded under the Forest Regulation by means of a proper settlement and record. He added that he was not prepared to agree with Col. Grant in thinking that the conservancy of the kans could be best secured by trusting to the self interest of the Halepaikies as the kans were not adequately protected and it was easy for occupants to fell and remove timber secretly and that unoccupied kans were suffering continued deterioration. He was strongly of opinion that reservation was the only adequate remedy.

18. Owing to various causes, the question was again put aside without final orders and it was some years before it again attracted attention in connection with the resettlement of the Sagar and Sorab Taluks and the proposals made by the Conservator of Forests for the reservation of certain forest areas in the Shimoga District.

19. In sanctioning the revision of the settlement in the Sagar and Sorab Taluks, Government direct that kans which were occupied but have been resigned should not be regranted, that those under occupation should continue to be held under the existing tenure and stated that the question of notifying Government kans as State Forests would be reserved for separate consideration. Accordingly, the question formed the subject of a further discussion in consultation with the Conservator of Forests, the Superintendent of Survey and the Revenue Commissioner.

No. R. 319-30—Ft. 101-08-9, dated 12th July 1917.

ANNEXURE II.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 11602, dated 12th May 1911, from the Revenue Commissioner in Mysore, submitting for orders letter No. 339, dated 25th April 1911 (with its enclosures) from Mr. C. Venkata Rao, the then Forest Settlement Officer, soliciting instructions in the matter of the treatment of occupied Kans lying within the Mrighavadhe Forest Block in the Tirthahalli Taluk which has been reserved for constitution as a State Forest in Government Notification No. R. 5508—Ft. 123-07-2, dated 25th February 1908, and requesting general instructions as to how an occupied Kan which in every case has been clubbed with a Government Kan and formed into one survey number should be dealt with in settling forest blocks in which Government Kans will have to be included.

### Order No. R. 10953-7—Ft. 153-10, dated 8th May 1917.

It is reported that in the Mrighavadhe forest reserve there are as many as eleven occupied Kans which have not been separately demarcated to admit of being treated as enclosures, that it is not possible to exclude occupied Kans from the proposed State Forest and form the remaining portion as a compact block as these Kan areas are scattered and that therefore the settlement of the reserve cannot be concluded until and unless these occupied Kans are made into separate survey numbers or the Kan rights are acquired on payment of compensation.

2. The Superintendent of Revenue Survey, who was consulted, states that as there are no data to define the actual position of the occupied Kan, in the field, it is not possible to separate the same from the Government Kan and demarcate it and suggests therefore the extinction of Kan rights by payment of suitable money compensation.

3. On a careful consideration of the subject, Government have come to the conclusion that the rights of the Kan holders should not be acquired and that the Kan rights in the Malnad which form a special feature of this interesting tract of Mysore should be preserved intact. They therefore direct that, in order to obviate the difficulty in demarcating the occupied Kan separately from the Government Kan, the Kan holders should be given the option to take over the management of unoccupied Kans (adjacent and clubbed) on payment of an annual fee. Where the Kan holders are not willing to take up the unoccupied Kan on the aforesaid terms, they should be required to prove the extents of the Kans in their occupancy and to pay for the cost of their demarcation, which may be undertaken by the Forest Department, after obtaining Government sanction of the boundaries in each case.

4. The Deputy Commissioner, Shimoga District, is requested to give effect to the above instructions and facilitate the work of the Forest Settlement operations in his district.

5. The Settlement of the blocks in the pending cases should be effected in the light of this order.

B. RAMASWAMAIYA,

# PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. R. 5203-12—Ft. 88-15-2, dated 26th November 1915, and No. R. 6662-73—Ft. 88-15-7, dated 12th January 1916, appointing a committee of certain officers and non-officials to investigate into and report upon the grievances of the raiyats and certain other matters connected with the reservation of forests and forest administration generally in the Shimoga District.

2. Government Order No. R. 5404-14—Ft. 147-14-4, dated 1st December 1915, referring to the committee the question of permitting the raiyats, to obtain timber, etc., at privileged rates from any district forest instead of a specified one (Subject No. 87 of the Representative Assembly proceedings of 1914).

3. Government Order No. R. 7220—Ft. 155-14-8, dated 24th January 1916, similarly referring the question of fixing the boundary of State Forests with reference to inhabited areas (Subject No. 84 of the Representative Assembly Proceedings of 1914).

4. Report* of the committee submitted with letter No. 32, dated 16th June 1916, from the Deputy Commissioner, Shimoga District, and President of the said Committee.

5 Letter No. 3987, dated 24th October 1916, from the Conservator of Forests in Mysore, submitting his views on the report.

6. Letter No. C. 1127, dated 22nd September 1916, from the Revenue Commissioner in Mysore, stating that he agrees with the committee in all its recommendations except as regards the definition of the term 'cart-load' which he states should be ascertained by means of actual experiments.

*Printed as an Accompaniment.

### Order No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

Recorded.

2. The report deals fully with all the questions referred for investigation and bears evidence of careful study and consideration by the Committee.

3. It is evident from the reports that no real hardship exists to any considerable extent but that much of the so called grievance is due to the ignorance of the people in the matter of their rights and privileges in respect of forest produce, etc., under the existing rules and their apathy in taking part in, and pressing their claims during, the settlement operations. The Committee have generally come to the conclusion that sufficient safeguards are provided by the existing rules and standing orders and that they do not require much modification. Both the Conservator and the Revenue Commissioner are also of the same opinion. Government agree in this view but would impress on the Forest Settlement Officers the importance of a close study of local requirements on the spot after giving wide publicity of their movements in each village affected by the proposed reservation, in future. The rules and orders in respect of which a slight change is recommended and the orders of Government thereon are noted below:—

4. *Extension of cultivation (para 11).*—Government cannot accept the Committee's recommendation that darkhasts for lands classed as khans should not be summarily rejected. They agree with the Conservator of Forests in the view that as Malnad Khans, whether occupied or unoccupied, form one of the special features of the country, they require to be scrupulously preserved and not given out for cultivation in the interests of its inhabitants. No inconvenience is likely to result therefrom as there is already a very large extent of land available outside the Khans

No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

for cultivation purposes which is now lying waste. These Khans may however be handed over to the adjacent holders on suitable terms for management and protection but not for cultivation.

5. *Forest Settlement (paras 12 to 14).*—The changes in the existing practice recommended by the Committee are :— (i) that the decision of the Forest Settlement Officer with a map of the Block as settled by him should be placed in the Taluk Office and that the Amildars should be authorised to grant copies of such decisions to applicants; (ii) that the State Forest boundary should not come nearer than a quarter of a mile from dwelling houses when they are in a group of not less than 10 in number, except in the case of Khans in the Sorab Taluk; (iii) that Government Order No. J. 6—Legis., dated 10th October 1911, may be amended so as to empower a holder of game license to pursue for the purpose of killing any game damaging crops even to State and District Forests within a radius of 3 miles from his holding.

Government approve of the Committee's recommendation on the first point. In this connection, they would impress on the Forest Settlement Officer the necessity, before Forest Settlement operations begin, of giving the widest possible publicity to his programme so that proper representation of all local grievances may be possible. He should meet the raiyats on the line of settlement and invariably make enquiries on the spot with the map in hand.

As regards the second point, Government consider that the limit of 110 yards fixed in the Government Order No. R. 1294-303—43-1, dated 15th August 1904, is the minimum but the Forest Settlement Officer may leave a wider margin at his discretion according to the merits of each case. In regard to the third point, Government agree with the Conservator of Forests that it is inexpedient to extend the existing privileges which seem to Government sufficient for all *bonafide* requirements.

6. *Grazing in State Forests (paras 17, 18, 19, 22 and 23).*—Government agree with the Committee and the Conservator of Forests that free grazing within State Forests is neither conducive to forest conservancy nor favourable to the agricultural industry, grazing by goats and sheep being particularly destructive to all forest growth. They are therefore not in favour of extending the concessions where they are not enjoyed at present even with any kind of restrictions.

Where, however, a limitation has been put on the number of cattle allowed to graze free or on payment of a lumpsum fee in a village whose gomal has been reduced by reservation, the limitation may, as a general principle, be removed and the concession now allowed may be extended to all the cattle of the village kept for domestic and agricultural purposes. The question of the grant of the grazing in future reserves may be left to the decision of the Forest Settlement Officer according to the merits of each case, having regard to the general policy enunciated above. They are not also in favour of reducing the existing rates of grazing fees anywhere but will favourably consider any proposals for grant of grazing privileges by panchayets under the Village Forest system.

7. *Grant of timber from State Forests (paras 26 and 27).*—In accordance with the recommendations of the Committee which are not, however, agreed to by the Conservator, Government are pleased to direct that where the available District Forests have been converted into State Forests and where the Amildar of the taluk concerned is satisfied that the scarcity of the timber is not due to culpable act of the raiyats concerned, timber for agricultural and building purposes may be given to the raiyats concerned with the sanction of the Conservator, from the State Forests at the rates mentioned in the Malnad Raiyats' Privileges Rules of the 17th March 1909. It is, however, desirable in all such cases to make over portions of State Forests to a village panchayet constituting them as village forests for the satisfaction of all the *bona fide* requirements of the villages concerned.

8. *Working of District Forests (paras 28 and 35).*—The Committee point out that the general control and management of District Forests vest with the Deputy Commissioner; and it is for that officer to regulate the working of these forests so that on the one hand the interests of the raiyats are safeguarded and on the other the revenues of the State do not needlessly suffer. The only modification proposed

by the Committee is that the Deputy Commissioner should be empowered to issue licenses under Rule 9 of the Malnad Raiyats' Privileges Rules for the removal of the three kinds of trees of the reserved class, *viz.*, jambe, honne and kiral bogi. The Conservator, however, is not in favour of this proposal. The demarcation of State and District Forests in many cases not having been made on any definite principle, it is desirable to extend the village forests scheme by constituting as many village forests as possible which will be under the management of the villagers themselves. But pending such constitution, Government approve of the Committee's recommendations. The Conservator of Forests is accordingly requested to delegate this power to the Deputy Commissioner, under section 35(1) of the Forest Regulation.

9. *Taluk Forests (paras 36 and 38).*—The Committee have come to the conclusion that Taluk Forests are neither necessary nor practicable. The Conservator of Forests and the Revenue Commissioner also agree with them. The consideration of the question may accordingly be deferred till a fair trial has been given to the village forest scheme which in the opinion of the Government is likely to solve all practicable difficulties and remove all grievances.

10. *Maximum limit of State Forests in the Shimoga District.*—In view of the requirements of the contemplated iron smelting industry, the Conservator is not for placing any such limit. The recommendation of the Committee to reserve 546 square miles additionally as State Forests is provisionally accepted and the Conservator is requested to send up detailed proposals for the reservation of this area with maps and statistics on receipt of which formal orders notifying will issue.

11. *Miscellaneous subjects (paras 11, 39 and 51).*—Government have passed separate orders in their Proceedings No. R. 7088-97—Ft. 147-14-6, dated 22nd January 1917, approving of the Committee's recommendation on the question of allowing raiyats to get their timber requirements from other than specified District Forests. Such concessions will not be necessary if the requirements of each locality are carefully calculated and provided for at the time of settlement.

12. Government agree in the Revenue Commissioner's view that it is inexpedient to fix an 'equivalent of a cart-load' in cubic feet arbitrarily and direct that it be deduced by actual experiment.

13. The recommendations of the Committee regarding the extension of railways and communications are already receiving the consideration of Government in the departments concerned.

14. Government agree in the views of the Committee expressed in paragraphs 46 to 50 and 52 to 54 of their report, which are concurred in by the Conservator of Forests and the Revenue Commissioner, regarding kumri cultivation, large landed estates and the several recommendations of the Tirthahalli Taluk Malnad Improvement Conference and the Shikarpur Taluk Conference, and they direct that the same be adopted.

15. *General.*—Forest Settlement should be conducted with due regard to the backwardness of the malnad by widely publishing the particulars of settlement and privileges admitted or allowed. Individual cases of hardship should be carefully enquired into after local inspection, if necessary, by the Deputy Commissioner himself or the Sub-Division Officer in each and every case, and suitable recommendations made to Government.

16. Grazing Panchayets and Village Forest Panchayets should be formed, wherever possible, to provide for all *bona fide* requirements of the villagers under rules to be framed for the purpose.

17. The thanks of Government are due to the President, Members and Secretary of the Forest Committee for their labours and for their interesting report.

B. RAMASWAMAIYA,
*Offg. Secy. to Govt., Rev. Dept.*

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Deputy Commissioner, Shimoga District.
The Members of the Committee.
The Secretary, Mysore Economic Conference.
The Deputy Commissioners of other Districts.

No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

## REPORT OF THE SHIMOGA DISTRICT FOREST COMMITTEE.

Object

During the Dewan's tour in the malnad taluks of the Shimoga District in January 1915, frequent representations were made by the raiyats about the inconveniences said to be caused to them by the working of the rules of the Forest Department as regards grazing for cattle and supply of fuel and timber for domestic purposes. Some of the main points urged by them were:—

(1) That the reservation of large areas as State Forests was detrimental to cultivation and deprived the people of facilities for grazing, for obtaining manure and timber for agricultural implements, and for domestic purposes.

(2) That the concessions granted to raiyats in State Forests were very limited and reduction or remission of some of the fees now levied was necessary.

(3) That owing to the working of District Forests by the Forest Department, all valuable timber was being taken away and little was left to raiyats to draw their supplies from.

Constitution.

2. To investigate into the representations made above and to consider the question how the interests of cultivation and of the health and comfort of the people may best be safeguarded without trenching on the legitimate expansion of forest conservancy, the Government in their Order No. 5203-12—Ft. 88-14-2, dated 26th November 1915, resolved to appoint a committee. The Committee as finally constituted included the following official and non-official members:—

1. Mr. K. Matthan, B.A.,
   Deputy Commissioner (President).
2. ,, B. V. Ramiengar, B.A.,
   District Forest Officer (Secretary).
3. ,, Zahiruddin Mecci, B.A.,
   Sub-Division Officer, Sagar.
4. ,, Devangi Ramanna Gowda,
   Landholder, Tirthahalli.
5. ,, C. Narasimhaiyya,
   Landholder, Nagar.
6. ,, K. Shankaranarayana Rao, M.A., B.L.,
   Advocate, Shimoga.

3. The Committee began work from the middle of February 1916, with an establishment of a clerk and a peon sanctioned in Government Order No. 7334-6—Ft. 88-15-9, dated the 27th January 1916.

Meetings held.

4. To consider the several points mentioned in the Government Order and the other subjects referred to it subsequently, the Committee held seven meetings on the following dates:—

| Date | Place of meeting |
|---|---|
| 11th February 1916 | Shimoga. |
| 24th February 1916 | Do |
| 3rd March 1916 | Tirthahalli. |
| 23rd March 1916 | Shimoga. |
| 26th April 1916 | Sorab. |
| 17th May 1916 | Shimoga. |
| 5th June 1916 | Do |

5. One of the meetings was held at Tirthahalli to afford an opportunity to the leading gentlemen of the taluk to represent their difficulties and grievances relating to forest questions. About 40 such persons were present and some of them were heard individually as regards their representations connected with forest matters.

6. A similar meeting was arranged to be held at Sorab on the 26th April 1916, but owing to the absence of all the members with the exception of the President and Mr. Shankaranarayana Rao, the meeting had to be adjourned.

Attendance.

7. The average attendance of official and non-official members at each of these meetings was 2 and 2 respectively against a total nubmer of six members.

## No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

The appended statement gives the attendance of each of the members of the Committee at the several meetings:—

| | Name of member | No. of meetings at which present. |
|---|---|---|
| 1. | Mr. K. Matthan ... ... | 6 |
| 2. | „ B. V. Ramiengar ... ... | 6 |
| 3. | „ Zahiruddin Mecci ... ... | 5 |
| 4. | „ Devangi Ramanna Gowda ... | 4 |
| 5. | „ C. Narasimhaiya ... ... | 4 |
| 6. | „ K. Shankaranarayana Rao ... | 6 |

Work of the Committee

8. At the first three meetings, there was general discussion of the subjects referred to the Committee by the Government and the major portion of the time at each sitting was taken up in going through the rules in force, the existing rights and privileges of the people in respect of forest produce and the checks and restrictions imposed by the legislative enactments and rules thereunder to safeguard the interests of the people when fresh blocks are proposed to be constituted into state forests.

Review of subjects.

9. The following are the main points dealt with by the Committee.

### *I. Framing of suitable proposals for the extension of cultivation in the malnad portions of the Shimoga district.*

Subject No. (i) referred to in Government Order.

10. The existing rules provide for a speedy disposal of applications for land at the disposal of the Government, excepting when such lands are set apart for a public or communal purpose or contain large forest or sandal growth. In the case of lands classed as Kan in the Sagar, Sorab, Nagar and Tirthahalli Taluks also, the Government have after a considerable amount of investigation concluded on the inadvisability of granting such lands for cultivation. Except in cases of these kinds there is hardly any instance in which applications for agricultural land have been rejected.

11. The Committee have resolved:—

1st. That the existing rules for the granting for cultivation of assessed waste lands and of unassessed waste not assigned for any special, public or communal purpose and not classed as Kan require no change.

2ndly. That the existing rules for the grant of lands assigned for special, public or communal purposes cannot be relaxed.

3rdly. That there is not much prospect of any large tract of land under jungle or classed as Kan being made fit for paddy or bagayet cultivation.

4thly. That in some cases lands not containing an appreciable growth of trees are included as Kan in the survey records; and consequently applications for such lands are rejected. The Committee are of opinion that such darkhasts should not be rejected merely because the lands are shown as Kan in the Survey records. Although Kans are not generally fit for paddy or bagayet cultivation, they are sometimes applied for, for extending the adjoining holdings. There may also be some few localities specially suited for conversion into wet or garden lands. In such cases the applications should be favourably considered and disposed of by the Deputy Commissioner after actual inspection of the land applied for, in cases where there is no valuable or useful tree growth on the area, and also in other cases, when satisfied of the *bona fide* intentions of the applicant. In such cases the timber on such lands may be given over to the applicants on a valuation.

In cases where such land requiring large initial expenditure to render it fit for paddy cultivation is applied for, the land may be given out on *shraya* tenure, free of assessment for three years in the case of lands to be converted as wet, and under the rules contained in Appendix I of the Land Revenue Rules in the case of lands taken up for garden cultivation.

5thly. That the introduction of new commercial crops such as ginger, pepper, etc., is desirable in the malnad tracts; and lands applied for for this purpose (even though it contains jungle) may be given in plots of not less than five acres in conformity with the rules mentioned in Appendix A of the Land Revenue Rules.

6thly. That better facilities of communications by way of new roads and railways are very necessary to check the deterioration of the malnad tracts and to improve cultivation in general.

## No. R. 973-89—Ft. 88-15-22, dated 27th July 1917.

*II. The constitution of new State Forests only in such circumstances as would least interfere with the interests of cultivation.*

Subject No. (ii) (*a*) referred to in Government Order.

12. The provisions of the Forest Regulation for the constitution of State Forests are complete and the safeguards allowed are ample. The difficulties at present, as represented by the people, arising out of the constitution of State Forests are not due to any drawbacks in the provisions of the Forest Regulation but are obviously due to want of sufficient knowledge of the rules and regulations on the part of the people. Any proposal for reservation by the Forest Department undergoes a thorough preliminary scrutiny in the Revenue Department before it is sent up to Government. The Settlement Officer has been invested with power to alter the boundaries of the proposed reserve, whenever it is found by him to be inconveniently near villages or cultivated lands. The Government have also ordered that no block less than one square mile should be proposed for reservation. During the settlement, wide publicity is given by the Forest Settlement Officer of the dates on which the settlement operations take place. The Amildar is present at the time and he takes the initiative whenever the rights of villagers are likely to be infringed upon or curtailed by the reservation. The villagers have also ample opportunity to represent their grievances and press their claims. After the settlement of the Settlement Officer, there follow appeals to the Deputy Commissioner and the Government, and the Government further reserve to themselves the final acceptance of the reservation. Thus the elaborate and protracted process of forest settlement provides at every stage adequate safeguards of the rights and conveniences of the people. The Committee therefore consider that there is neither the necessity nor the scope for any material modification of the existing procedure in regard to the constitution of State Forests. Nevertheless, some of the people of the Tirthahalli Taluk stated that in a few cases they had not been able to obtain reasonable concessions in the State Forests and that in some cases the line of the reserve was uncomfortably close to the villages and cultivated fields. On examining the settlement papers relating to the cases referred to it was found that the troubles complained of were to be attributed partly to the ignorance, and to a great extent to the apathy, of the people, to take part in the settlement proceedings. As it was stated by some people that the facilities for ascertaining the settlement as effected by the Settlement Officer and for obtaining copies of his decisions were inadequate, the Committee consider that the decision of the Forest Settlement Officer with a map of the block as settled by him, may be placed in the Taluk Office during the period of appeal allowed under the rules and that Amildars may be authorized to grant copies of such decisions to the people to enable them to prefer appeals.

13. The Committee consider that the minimum distance of 110 yards between the demarcation and the edge of cultivation is quite ample and needs no alteration. As regards distance from dwelling places, the Committee consider that the State Forest boundary should not come nearer than quarter of a mile to dwelling houses when they are in a group of not less than ten in number. This minimum need not be made applicable to the Kans in the Sorab Taluk where they are formed into State Forests.

14. It was pointed out that the nearness of forests would give cover for wild animals which cause damage to crops. After going through the standing orders, the Committee are of opinion that in modification of Government Order No. J. 6—Legis. of 10th October 1911 under which a license to pursue game into the forests would be given on payment of a fee of two rupees license in Form 7 under the Arms Regulation should entitle the holder of it (residing in the malnad) to pursue and kill any game damaging crops even to State and District Forests within a radius of three miles from his holding, and that a clause to this effect should be added in the license.

*III. Examination of the proposals already made for fresh reservation of blocks in the district in the light of this principle.*

Subject No. (ii) (*b*) referred to in Government Order.

15. A reference was made to Government as regards the scope of the Committee's work in the matter of investigation into the pending forest reservation proposals and the Government ordered in their No. R. 905—Ft. 88-15-11, dated 24th March 1916, that the Committee need for the present investigate only the proposals for the constitution of State Forests for which preliminary notifications under section 4 of the Forest Regulation have not yet been published. Accordingly twenty-one proposals relating to blocks in the taluks

of Sorab and Sagar were examined. In all these cases the proposals have been made with due regard to the interests of cultivation and in most cases setting apart sufficient lands for the cattle of the villages affected by the reservation and for obtaining the requirements of agriculturists.

16. The Committee have no further suggestions or modifications to offer on these proposals at this stage; but expect that the Forest Settlement Officer will dispose of them after full enquiry into individual cases with sympathy, giving full consideration to the reasonable demands of the affected villages.

*IV. The feasibility of throwing open all State Forests for free grazing under well defined limitations.*

Subject No. (iii) (i) referred to in Government Order.

17. In the case of blocks settled after 1902, the Forest Settlement Officers have been dealing with the grazing of cattle in State Forests in a very sympathetic spirit. There is hardly a case in which some kind or other of grazing concession is not allowed to the villagers. It may be pointed out that excepting in the case of professional cattle breeders, grazing of cattle at large in the jungles is by no means favourable for agriculture or to the condition and improvement of the cattle. The raiyat wastes a lot of useful manure in this process and the breed of cattle deteriorates. This has been recently clearly brought out in the Village Panchayet Scheme of the Madras Forests.

18. Further, according to the existing system, excepting in lands assigned as free grazing ground, *i.e.*, in lands classed as gomal, the raiyats are neither entitled to nor are they at present enjoying any free grazing for their cattle. The grazing right on all assessed waste and kharab lands vests in Government and is sold annually by the Revenue Department, in some cases for a nominal sum and in others at a fairly good price. The hulbanni thus collected by the Revenue Department amounted in the year 1914-15 to Rs. 9,292-6-4.

19. It thus follows that except in cases where gomal lands are taken up for State Forests, no question of free grazing in State Forests arises. As the extent of gomal land now assigned in the malnad is generally very large and in excess of actual requirements, it is clear that the concession of free grazing in the State Forests need be considered only in cases where the gomal land left to the village after the formation of the State Forests is insufficient. Such cases can be and are considered at the time of forest settlement, by the settlement officer as well as by the appellate authorities.

20. The Government have recently sanctioned free grazing in the Sagar and Nagar ghats. This may of course continue, and may also be extended to the Tirthahalli ghat forests.

21. In the case of Kans, the natural conditions under which these thrive, preclude any grazing whatsoever.

22. Forest conservancy is impossible if goats and sheep are allowed in the forests.

23. The Committee, having taken count of the above facts and having also regard to the small revenue realized by Government in the shape of grazing fees, are of opinion that it is not desirable as a general rule to allow free grazing in State Forests even with any kind of limitation and restrictions. It is proposed that the granting of free grazing in deserving cases affected by the reservation be left to the regular proceedings of the settlement operations. In other cases, a moderate lump-sum grazing fee, having regard to the hulbanni at present realized by the Revenue Department, may in the taluks of Sagar, Nagar and Tirthahalli be fixed for the cattle of the villages affected by the reservation. The present practice of fixing a maximum number for the village cattle entitled to free grazing or grazing on payment of lump-sum fee should cease and all the village cattle kept for domestic and agricultural purposes should be entitled to the concession.

24. As regards cattle from other village of the State, the Committee consider that a fee of one anna and two annas per cow and buffalo respectively in the Sagar, Nagar and Tirthahalli Taluks is reasonable considering the inferior quality of grass available in the forests.

25. The Committee are further of opinion that any reduction of the existing fees in the other taluks of the district is not necessary.

*V. The feasibility of granting a specified quantity of timber from State Forests for* bona fide *domestic use at concession rates.*

Subject No. (iii) (2) referred to in Government Order.

26. The Committee are of opinion that in special cases where no District Forest is available to meet the requirements of the villages in the malnad taluks affected by the reservation of any block as State Forest, timber for *bona fide* house building or agricultural purposes may be issued in the annual working coupes of the State Forests at the Malnad Raiyats' Privileges Rules. A certificate by the Taluk Amildar to the effect that the District Forest attached or assigned to the village is not capable of yielding the requirements of that village should be final for the issue of a license.

27. A culpable destruction of the assigned or attached District Forests should, if proved, debar any village from exercising this privilege.

*VI. The feasibility of abolishing the control over the District Forests by the Forest Department and vesting of such control in the Revenue Department.*

Subject No. (iv) referred to in Government Order.

28. The forest policy of the Mysore State contemplates the formation of two kinds of forests under proper conservancy, *viz.*, State Forests and Village Forests. The rules for the preservation and management of District Forests are of a temporary nature just to prevent denudation, until they are formed into either a Village or a State Forest.

29. The District Forests have valuable tree growth, whose capital value may be estimated at several crores of rupees, and contain very much more exploitable material than is ever likely to be required by the villagers for their *bona fide* requirements, if only they are not indiscriminately felled.

30. It is obvious that the stock which would otherwise deteriorate or go to waste, should be extracted and disposed of to the best advantage of the Government. The agency to be employed for this purpose can only be the Forest Department and none other.

31. The existing rules admit of these forests being worked by the Forest Department and the method of exploitation employed is exactly similar to that applied for the adjoining State Forests. Blocks of District Forests are taken up in annual coupes, where the trees of exploitable girths are counted and only half of such stock is marked for felling with all due consideration to sylvicultural requirements. Owing to the paucity of labour and transport facilities, in no case has the Forest Department been able to remove more than half of the trees marked for felling. In a number of cases that were brought to his notice by villagers, the President of the Committee has been able to satisfy himself as to the incorrectness of the allegation made against the department of having removed all useful material in the District Forest, to the detriment of the interest of the villagers. On the other hand, it was pointed out that in many cases but for the stepping in of the Forest Department the blocks would have remained practically closed to the villagers with no chance of a single stick being removed owing to the absence of cart-tracks and roads.

32. Under Section 42 of the Land Revenue Code, all forest growth in lands at the disposal of Government belongs to the Government, and neither the law nor existing practice recognises any claim to forest produce on the part of the raiyats except to the extent laid down in the rules for the management of District Forests and in the Malnad Raiyats' Special Privileges Rules.

33. The general rules for the management of District Forests have been made under Section 35 of the Mysore Forest Regulation. These and the Malnad Raiyats' Privileges Rules have been framed after giving due consideration to the convenience of the raiyats and to the permanency of the forest growth in the District Forests. Under Article 2 of the Mysore Forest Department Code the general control of the District Forests vests with the Deputy Commissioner, the District Forest Officer being his Assistant in forest matters. The Deputy Commissioner has powers to manage the District Forest without any detriment either to the convenience of the villagers or to the general revenues of the State.

34. Section 35 (1) of the Forest Regulation provides for declaring certain trees to be classed as reserved trees not to be felled without the sanction of the Conservator of Forests or of an officer duly authorized by him. It thus follows that the working of the District Forests as regards extraction of

all produce except reserved trees is under the control of the Deputy Commissioner. It is for him to regulate or restrict extraction by every kind of agency to the extent necessary to safeguard the interests of raiyats. But Rule 9 of the Malnad Raiyats' Privileges Rules authorizes the issue of licenses for three kinds of trees of the reserved class also, *viz.*, jambe, honne and Kiralbogi to the malnad raiyats at concession rates. The Committee consider it therefore necessary that the extraction of these kinds of trees in District Forests should also be under the orders of the Deputy Commissioner.

35. If the existing powers of the Deputy Commissioner and the additional power now proposed by the Committee to be vested in him are exercised, no other modification in the existing rules for the management of District Forests would be necessary.

*VII. The formation of Taluk Forests for each taluk in conformity with the Village Forest Scheme to serve the needs of villages which have not got a sufficient area of District Forests in their vicinity.*

Subject No. (v) referred to in Govt. Order.

36. In the malnad taluks where isolated houses are found studded along valleys, with hardly any communications, it is found that the requirements of a raiyat in regard to forest produce have to be met from the jungle in the immediate neighbourhood of his homestead. In the majority of cases, the tree is felled and sawn ' in situ ' and the sawn scantlings are removed by headloads. Such being the case the formation of even Village Forests in the malnad is considered by the Committee as presenting great practical difficulties. Consequently the Committee after full discussion consider that the scheme of forming Taluk Forests in the malnad is impracticable.

37. In the maidan taluks, there is not enough area after the constitution of the Village Forest to consider the question of taluk forests. It is to meet such cases that State Forests are formed and the case of these taluks will have to be considered on the same footing as the other dry and timberless districts of Chitaldrug, Tumkur, etc., with the difference that in the case of the maidan taluks of the Shimoga District the people save themselves a great portion of the transport charges which have to be borne by people of other districts, who obtain their requirements of timber from the forests of this district. Consequently Taluk Forests even for the maidan taluks are not considered necessary or practicable.

38. Under Government Order No. R. 5404-15—Ft. 147-14-4, dated 1st December 1915, and No. R. 7220-9—Ft. 155-14-8, dated 24th January 1916, the Committee were required to consider and report on two subjects brought up at the Dasara Representative Assembly Meeting of 1914.

*VIII. Subject No. 87. Getting timber requirements from other than specified District Forests.*

39. Rule 9 of the Malnad Raiyats' Privileges Rules requires that the wood obtained at concession rates, should be used in the village to which the forest has been attached or to which it has been assigned, and in the case of District Forests generally Rules 9 and 10 of the District Forests Rules of 2nd October 1901 restrict the use of such forests by inhabitants of the village to which the forest belongs or to neighbouring villages, the Deputy Commissioner being empowered to declare in cases of dispute after considering the area and productive capacity of the forest concerned which are the neighbouring villages in respect of any forest. If a free permission is given for villagers to obtain their requirements from any forest they choose, the people of the village to which the forest is attached will certainly have a legitimate grievance. It will in effect amount to conferring a benefit on people who have taken no pains to preserve their forests at the expense of those who have saved their forests from denudation. In the malnad taluks, most villages have sufficient forest land attached to them to meet the ordinary requirements of the people. It is chiefly in the neighbourhood of towns like Tirthahalli and Sagar where, owing to reckless felling in the past as well as the natural extension of cultivation, the available forest resources are scanty that this difficulty is felt. In the interior villages it is found that people have not only not denuded the forest growth, but have even been at pains to plant and rear timber trees in Government lands adjoining their homesteads in the hope of utilizing them later on under the Special Privileges Rules. To allow the inhabitants of

another village to remove these trees, as it were, from their very doors would not only be strongly resented, but would also remove every incentive to preserve the forests.

40. Till now no assignment of forest land of one village to other villages has been formally made and the Committee are of opinion that licenses under Malnad Raiyats' Privileges Rules should ordinarily be issued only for the particular village to which the forest belongs. In the past, however, Amildars have to a certain extent been issuing licenses under the Malnad Raiyats, Privileges Rules for trees in one village being cut and removed by the people of other villages. This has no doubt been done with a certain amount of discrimination but the practice is irregular and has to cease. When a representation is made by any villagers that there is not sufficient timber in their village and that they should be allowed to remove timber from the forests attached to a neighbouring village, a formal enquiry should be made as to the capacity both of the forests of the village which claims the privilege and of the village where the privilege is asked for, as to usage in the past and the legitimate objections of the people of the village affected, and if the claim is found to be justified a formal assignment may be made under Section 39 of the Land Revenue Code. The Committee are thus not in favour of granting the request contained in the representation. They may also point out that the subject has been definitely decided by the Government in the past. (*Vide* Government Order Ft. No. 143-810, dated 23rd August 1901.)

*IX. Subject No. 84. Fixing the boundary of State Forests at a certain distance from inhabited villages.*

41. This has been dealt with under Subject No. II.

42. The following additional subjects of a general nature having a relation to forest conservancy were also discussed by the Committee.

*I. Placing limits on forest reservation.*

43. The total area of the district is 4,030 square miles of which 2,675 square miles are declared to be unfit for cultivation. Deducting from this latter available extent, the area of phut kharab, tank beds, roads, village sites etc., the area available for formation into forest reserves may be estimated at 10½ lakhs of acres.

44. The Committee are of opinion that one-third of this area may be taken to form State Forests. This together with the area already notified as State Forests will work out to just a little over 25 per cent of the area of the district. This maximum limit if accepted by Government will be good enough for the next generation.

45. The rest of the area will be available for formation into Village Forests and also provide for any extension of cultivation that may be anticipated.

*II. Extension of kumri cultivation.*

46. The Committee are of opinion that there is no demand for such cultivation at present as all the kunbis who were practising this kind of cultivation have now been settled under the benevolent scheme of the Government as permanent cultivators of the soil.

*III. Formation of large landed estates.*

47. The Committee consider that the prospects of such estates being newly opened out in the malnad are very poor. In other parts of the district, forest reservation does not interfere with the formation of such estates, and the Committee recommend that such applications may be viewed favourably.

*IV. Proposal of the Tirthahalli Taluk Malnad Improvement Conference to sell standing timber to the raiyats under the Malnad Raiatys' Special Privileges Rules levying stump fees and also to remit the extra seigniorage now levied on timber sawn in the jungle.*

48. The Committee are of opinion that the introduction of stump fees is not desirable, nor is there any justification for fixing fees for sawn timber at the same rates as for unsawn timber.

49. The object of the representation to levy stump fees was to obviate the difficulty now felt owing to the quantity removed by cart loads not being definite as to cubical contents and the hardship raiyats might be put to when the wood removed is subsequently checked by cubical contents.

50. The Committee after full consideration are of opinion that the best way to avoid the difficulty would be for the party removing the timber to intimate the removal at once to the patel of the village and obtain the necessary endorsement on the license.

51. Under the Malnad Raiyats' Special Privileges Rules license fees for the removal of timber are fixed at so much per cart-load. A cart-load is declared to be what can be transported in a country cart drawn by two bullocks or buffaloes. But in the majority of cases, owing to the lack of communications, the trees felled are sawn in situ and carried by headloads. Further the present rules allow of a check of the timber removed at any reasonable time by any forest, police or revenue officer. Generally what happens is that the timber brought by the licensee is checked after the collection near his homestead. Then it becomes a matter of individual opinion as to whether the quantity collected is in any way near the quantity fixed by cart-loads in the license. To avoid this inconvenience it is necessary both in the interests of the people and of the Government that a cart-load should, in cases of doubt or dispute, be taken at so many cubic feet. Under the District Forest Rules, 20 cubic feet are taken as the equivalent of a cart-load. Mr. Devangi Ramanna Gowda proposed that a cart-load may be fixed at 40 cubic feet and the proposition was carried by a majority, the President and the Secretary expressing dissent, and suggesting that the number of cubic feet to a cart-load should not be fixed in an arbitrary manner but from the average of results obtained by actual experiment.

*V. Representations made by the Shikarpur Taluk Conference.*

52. Reduction of the present hulbanni rates of 4 and 8 annas to 2 annas.

This is not desirable.

53. *Re* the power of giving mafi licenses for dead bamboos in State and District Forests being vested in the patel of the village.

The Committee are of opinion that the removal of dead bamboos from State Forests on mafi licenses cannot be recommended. In the case of District Forests the existing rules admit of such removals without any permit.

54. The present rate of two annas prescribed for firewood used for purposes of making jaggery in some villages to be allowed for all malnad villages and in all cases.

The Committee are of opinion that there is no necessity to extend the existing rules.

**Employment of Helpers for popularising the Public Branch of the State Life Insurance Scheme.**

No. Fl. 170-1– G. F. 239-16-2, dated 11th July 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 5586, dated 15th—22nd December 1916, from the Secretary, Insurance Committee, forwarding for early favourable orders Resolution 3 (v) passed at the meeting of the Committee held on 26th October 1916, recommending the employment of helpers to explain in rural tracts the benefits of the State Life Insurance Scheme, Public Branch, and for their being paid a remuneration of 10 per cent of the first Annual Premium paid.

I have the honor to submit herewith copy of Resolution No. 3 (v) passed at the meeting of the Mysore State Life Insurance Committee held on the 26th October 1916, with a draft of the notification therein referred to and I request you to be so good as to obtain early the favourable orders of Government in the matter.

The question as to what additional steps may be taken to popularise the State Life Insurance Scheme among the non-official public, was further considered and it was resolved to recommend to Government that the co-operation of gentlemen who are members of the Representative Assembly, the District and Taluk Boards and Municipalities, the members of the Economic Conference including Village Improvement Committees, of Co-operative Societies and such other public bodies among non-officials, and of the members of the Education Department including Village School Masters and of the Revenue Department including village officers among the officials may be invited to explain, especially in rural tracts, the benefits of the State Life Insurance Scheme and to help non-officials to insure their lives in that scheme and each such helper who is accepted by the Committee may be paid a remuneration of 10 per cent of the First Annual Premium paid in each case of Insurance helped on by him. A notice in the official gazette inviting such co-operation as is above referred to may be published with the approval of Government. In the case of Government officials their offer to help should be accepted only with the consent of the head of the office in which they are employed.

INSURANCE NOTICE.

The Government of His Highness the Maharaja of Mysore have been pleased to extend the benefits of Mysore State Life Insurance to the non-official public of the State. Detailed Rules under which the new scheme is worked have also been published. It is desirable to make the scheme popular and widely known, especially among the people of the rural tracts. In this work the co-operation of non-official gentlemen who are members of the Representative Assembly, of District, Taluk and Municipal Boards of the Economic Conference, of Village Improvement Committees, of Co-operative Societies and of other public bodies will be welcome. Officials of the Education Department including Village School Masters and of the Revenue Department including village officers may also help. Any gentlemen who is willing to assist in popularising the scheme is requested to communicate his intention to the Secretary to the Mysore State Life Insurance Committee, Bangalore. Government officials of the Education and Revenue Departments are requested to send in their applications for registration as helpers with the approval and recommendation of the Head of their Offices. Every gentleman, official or non-official, who is registered as a helper by the Committee will be supplied with copies of rules and the necessary forms for supply to intending insurants. He will be paid a remuneration of 10 per cent on the first Annual Premium paid for each case in which the proposer is materially helped by him.

**Order No. Fl. 170-1—G. F. 239-16-2, dated 11th July 1917.**

Government are pleased to approve of the scheme, for popularising the Public Branch of the State Life Insurance Scheme proposed by the Insurance Committee, being tried for a period of two years.

Note dated 28th November 1916, by Mr. K. L Datta, Special Officer, proposing certain changes in the classification of budget heads.

2. Note dated 25th March 1917, by the above officer suggesting a scheme of departmental settlement for Mysore.

3. Government Order No. Fl. 3396-444—G. F. 107-16-1, dated 19th December 1916, sanctioning a revised budget procedure for getting the budget ready for discussion in the Second Session of the Representative Assembly.

4. Consolidated provisional estimates for 1917-18, with the memorandum and the Financial statement presented to the Representative Assembly in April 1917

5. Government Order No. J. 4490-513—Legis. 48-16-1, dated 5th June 1917, modifying the rules for the discussion of the State Budget in the Legislative Council and fixing the 29th June 1917 as the date of the meeting for the discussion of the budget for 1917-18

6. The Comptroller's note on the 3rd edition and his final review thereon dated 26th June 1917.

### Order No. Fl. 223-72—G. F. 107-16-16, dated 13th July 1917.

In his two notes read above, Mr. Datta, Special Officer, suggested certain changes in the classification of budget and account heads and proposed a scheme of Financial settlement. The important changes in classification and the chief features of the scheme of Financial settlement which were described in paras 2 to 10 of the memorandum prefixed to the provisional budget estimates for 1917-18 were approved by Government and adopted in preparing the budget estimates for 1917-18.

2. The provisional budget estimates thus prepared were presented to the Representative Assembly on the 26th April 1917, and were discussed by that body. These estimates with a memorandum thereon embodying the changes subsequently effected in them were also discussed by the Legislative Council on the 29th and 30th June 1917.

3. Government are now pleased to accord formal sanction to the estimates as finally prepared by the Comptroller in accordance with the several orders of Government issued in the matter.

4. (i) *Revised, 1916-17.*—The revised estimates framed by the Comptroller show that the revenue and expenditure for the year 1916-17, under service heads which according to the budget aggregated Rs. 2,72,37,000 and Rs. 2,59,41,000 respectively with a surplus of 12,96,000 stand revised at present at Rs. 2,92,67,000 and Rs. 2,92,39,000, respectively, leaving a surplus of Rs. 28,000.

(ii) The revised estimates show an increase of 20,30,000, under revenue and an increase in expenditure chargeable against revenue to the extent of 32,98,000, which is more than accounted for by the provision made under the new arrangements for the necessary reserves to secure the financial stability of the State and the special expenditure of 10 lakhs being the additional contribution made by His Highness the Maharaja in connection with the War.

(iii) The increase on the revnue side appears chiefly under the heads Land Revenue (3,91,000), Forest (20,60,000), Excise (4,42,000), Stamps (1,14,000) and

Miscellaneous (1,13,000) counterbalanced by a decrease under Surplus Revenue of Bangalore Assigned Tract (1,50,000), Interest (2,87,000), Cauvery Power Scheme (1,56,000), Mining Revenue (2,21,000), Sandalwood oil Factory (2,77,000) and Railways (56,000).

(iv) The Chief items of individual increases under the group heads of expenditure are charges against Mining Revenue (9,62,000), Interest and Sinking Funds (9,43,000), Public Works (8,93,000), Famine Relief and Insurance (3,00,000), Railways (53,000), Special Reserve for non-recurring expenditure (3,50,000), Extraordinary expenditure (10,00,000). These are partially counterbalanced by decreases under the group heads Direct demands on revenue (78,000), Protection (2,17,000) and Moral and Material Development (5,09,000).

(v) The revised estimate under capital outlay not chargeable against revenue is 44,76,000 against the budget estimate of 53,50,000 with a lapse of 8,74,000.

5. *Budget, 1917-18.*—The budget estimates for the year 1917-18, as finally prepared by the Comptroller and approved by Government, are for a revenue of 3,02,92,000 and an expenditure of 3,02,77,000, under service heads, leaving a surplus of 15,000. The capital outlay not chargeable to revenue is estimated at 80,92,000.

6. The detailed budget estimates as thus sanctioned will be published in an extraordinary issue of the *Mysore Gazette* with this Order and with a revised explanatory memorandum* explaining the details of the estimates as they now stand.

**Claim to Excise Revenue from Toddy.**

No. Fl. 368-9—S. R. 41-10-2, dated 23rd July 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 215, dated the 5th—7th July 1910, from the Excise Commissioner in Mysore, submitting the records of enquiry relating to the excise revenue from toddy of Gowdagere and Alkere villages in the Mandya Taluk, and Chakkur, Maliyur, Kalehundi and Shankahalli in the Heggadevankote Taluk.

**Order No. Fl. 368-9—S. R. 41-10-2, dated 23rd July 1917.**

In the sannad or nirup granting these villages, express alienation is made of the excise revenue from toddy and the same is conceded by the Inam Settlement. Government consider that sufficient proof of enjoyment of the revenue has been adduced by the inamdar in all the villages, except Shankahalli, and hold that the inamdar is entitled to the revenue in question of the first five villages.

2. As regards Shankahalli, the inamdar may be given further opportunity to prove his enjoyment of the said revenue prior to 1892-93.

ANNEXURE.

*Letter No. 27—3, dated 3rd—4th July 1917, from K. R. Srinivasa Iyengar, Esq., M.A., Officiating Inspector-General of Police in Mysore, to D. M. Narasinga Rao, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, General Department.*

I have the honor to submit the following Report on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1917.

2. In the Kadur District, 11 outposts were opened and special precautionary measures were adopted. Besides the local Police, 9 men from the District Reserve were deputed for special duty at the outposts during the picking season. Two cases were successfully detected and prosecuted under the Coffee Stealing Prevention Act. In one of these in which the accused was sentenced to pay a fine of Rs. 5, a reward of Rs. 50 has been offered by the North Mysore Planters' Association to constable Sheik Ismail of Sollebyle who detected the case.

3. The report from the Hassan District is meagre and states that no case was reported under the special Act.

4. The following statement shows the details of coffee thefts dealt with under the Indian Penal Code in the two districts.

| District | Cases | | | | | | | | | | Persons | | | | | | Remarks |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | Pending | Reported | Total | Refused | Convicted | Acquitted | B struck off | Pending on A form | Pending on B form | Pending with the Police | Pending | Prosecuted | Total | Convicted | Acquitted | Pending | |
| Kadur ... | 15 | 14 | 29 | ... | 7 | 3 | 14 | 2 | 2 | 1 | 3 | 14 | 17 | 13 | 3 | 1 | |
| Hassan ... | 1 | 3 | 4 | 1 | ... | 1 | ... | 1 | 1 | ... | ... | 2 | 2 | ... | 1 | 1 | |
| Total for 1917... | 16 | 17 | 33 | 1 | 7 | 4 | 14 | 3 | 3 | 1 | 3 | 16 | 19 | 13 | 4 | 2 | |
| Total for 1916 .. | 11 | 15 | 26 | ... | 3 | 3 | 4 | 4 | 6 | 6 | 6 | 20 | 26 | 5 | 18 | 3 | |

5. Of the total number of 33 cases including those pending from previous year, 7 ended in conviction, 4 in acquittal or discharge, 14 were struck off on B form, 3 were pending on A form, 3 on B form, one with the Police and in the remaining one case investigation was refused.

6. Nineteen persons including 3 accused from the previous year were prosecuted: of these 13 were convicted, 4 were acquitted or discharged and the remaining 2 were under trial.

7. There was no requisition from private individuals for the loan of the services of Police constables in either of the districts.

**Progress Reports of Drinking Water Wells.**

No. 467-75 L. B. 83-16-31

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.

*Dated Bangalore, 21st July 1917.*

MEMO.

With a view to secure uniformity in the preparation of quarterly progress reports of drinking water wells submitted by the Presidents of District Boards in accordance with paragraph 6 of Government Order No. 800-10—L. B. 12-15-1, dated the 26th July 1915, Government are pleased to lay down the following instructions for their preparation :—

(*a*) In column 2 of the return the sum total of the State grant and the District Fund quota made available for wells during the year together with the available balance of the previous years should be given.

(*b*) Column 3 should show the number of wells to be provided according to a programme drawn up at the beginning of the year exclusive of the incomplete works of the previous years.

(*c*) In column 4 the total number of wells completed *during the quarter* whether payment in respect of the works done is made or not should be noted.

(*d*) Column 6 should show the cost of works in progress exclusive of the payments already made in respect of them.

(*e*) The figures in columns 7 and 8 should indicate the cash and labour contributions of the villagers *during the quarter* to which the statement relates.

(*f*) Column 10 is intended to show the amount made available out of the Drinking Water Wells Fund made up of the State grant and the District Fund quota.

(*g*) The actual amount spent during the quarter out of Drinking Water Wells Fund should be shown in column 11.

(*h*) The reasons for the slow progress in each taluk should invariably be furnished in the "Remarks" column of the statement.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 5926 30—Med. 71-15-7, dated 12th February 1916, appointing a Committee consisting of the gentlemen noted in the margin to examine the scheme suggested by the Comptroller in his printed note on "The problem of Medical Relief" in rural parts, elaborate details and submit definite recommendations to Government in the matter.

Senior Surgeon.
Revenue Commissioner
Mr. Aravamudu Iyengar.
Mr. J. S. Chakravarti
Mr. P. S. Achyuta Rao

2. Correspondence ending with letter No G. 149, dated the 14th November 1916, from the Senior Surgeon, forwarding the Committee's report together with his opinion in the matter and a note by Mr. P. S. Achyuta Rao, embodying his individual suggestions.

### Order No. 545-50—Med. 71-15-11, dated 27th July 1917.

The Committee make the following recommendations:—

(*a*) That an institution on the lines elaborated in Appendix B of their report be opened at Bangalore for the training of rural medical practitioners.

(*b*) That the existing Ayurvedic College should work in co-ordination with the new institution and should therefore be transferred to Bangalore.

(*c*) That a definite promise of employment should be held out to successful candidates passing out of the new institution.

(*d*) That, after two years' training in the new institution, such of the successful candidates as are desirous of qualifying themselves as Ayurvedic Vidwans should be given a further two years' training in the Theory and Practice of Ayurveda.

(*e*) That the following curriculum be prescribed for students of the Ayurvedic Vaidyasala.

*First year.*

Elementary Anatomy.
Elementary Physiology.
Elementary Materia Medica.
(English and Indian).

Hospital work in the morning.

*Second year.*

Anatomy.
Physiology.
Materia Medica.
First Aid
Hygiene and Sanitation.

Hospital work in the morning.

*Third and fourth years.*

Full course in Ayurveda.

2. Government observe that no separate school is required for training rural medical practitioners and that it is not desirable to shift the Ayurvedic College from Mysore to Bangalore. As a medical school has been recently opened at Bangalore, such of the successful pupils of the Ayurvedic College as are desirous of taking a special course of training in Western medicine may do so in the above school. The Senior Surgeon is requested to report in consultation with the Principal of the local Medical School what arrangements will be necessary to afford facilities for such candidates.

No. 545-50—MED. 71-15-11, DATED 27TH JULY 1917.

3. Government approve of the curriculum relating to the study of the Western system of medicine as recommended by the Committee and direct that the curriculum of the Ayurvedic College laid down in Government Order No. 3540—Muz. 336-13-2, dated 26th June 1914, be modified accordingly. As proposed by the Committee, the Senior Surgeon and Mr. P. S. Achyuta Rao will be requested to draw up a detailed syllabus of the courses of studies in the first and second years' subjects and Rajamantrapravina Dewan Bahadur Mr. J. S. Chakravarti and Mr. Aravamudu Iyengar of the course of studies in Ayurveda.

4. The entertainment in service of the successful candidates of the Ayurvedic College shall continue to be optional with Government and the local bodies.

P. S. Achyuta Rao, Esq.

Exd.—C. R.

No. 545-50—Med. 71-15-11, dated 27th July 1917.

## APPENDIX B.

### THE TRAINING INSTITUTION FOR RURAL MEDICAL PRACTITIONERS.

(1) A training institution for male and female students should be started from 1st June 1916.

(2) In this institution, a course of two years' training will be imparted to qualify students as rural medical practitioners.

(3) For male students, education up to the English Lower Secondary Standard is to be required for admission; for girls, a lower standard may, for the present, be accepted. The ordinary maximum age limit for admission will be twenty years except in the case of actual practitioners (including compounders) in whose case the limit will be thirty years.

(4) A building should be rented near the Victoria Hospital for locating the training institution.

(5) The staff and students of the school should attend the Victoria Hospital and take part in the work there under the guidance of the Hospital authorities and under rules to be framed by the Senior Surgeon.

(6) Allowances will be given to the staff of the Victoria Hospital for extra work imposed on them under (5).

(7) The staff and students of the school should also be allowed access to other hospitals and dispensaries in Bangalore for purposes of training under rules to be framed by the Senior Surgeon.

(8) There should be three hours' teaching work and at least four hours' practical work each day.

(9) In the first year, the teachers work with the students will be light (there being only one class) but they will have to organize their respective departments.

(10) All teachers should be entertained from the beginning and commence work in their respective groups of subjects. The course of training being only two years, no subjects should be reserved for the second year.

(11) The staff should be as follows:—

(*a*) One Superintendent. He should also be teacher in Anatomy, First Aid, Dressing, Minor Surgery and Care of Infants.

*N.B.*—The female students will have an additional practical course in midwifery and care of infants.

(*b*) One teacher and demonstrator in Physiology, Materia Medica including compounding, medicine, etc.

(*c*) One teacher and demonstrator in hygiene, sanitation, care of the sick, vaccination, plague inoculation, etc.

(*d*) Clerical and menial.

(12) The Superintendent should be an Assistant Surgeon and the teachers and demonstrators, Sub-Assistant Surgeons.

(13) Approximate cost:—

| | | | Rs. |
|---|---|---|---|
| Initial equipment ... ... ... | | | 5,000 |
| Recurring— | Rs. | | |
| Rent ... ... ... | 100 | per month | |
| 50 male students at Rs. 5 to 10 each ... | 400 | do | |
| 20 female students at Rs. 10 each ... | 200 | do | |
| *Staff*—General— | | | |
| 1 Superintendent ... ... | 200 | do | |
| 1 Teacher and Demonstrator ... | 100 | do | |
| 1 Do do ... | 75 | do | |
| 1 Clerk ... ... ... | 30 | do | |
| 4 Menials ... ... ... | 32 | do | |
| Allowances to Victoria Hospital Staff ... | 100 | do | |
| Supplies and services and contingencies ... | 63 | do | |
| Total ... | 1,300 | do | 15,600 a year. |

(14) Deducting the saving effected by the reorganization of the Ayurvedic College (*vide* Appendix C) *viz.*, Rs. 1,822 per annum, the extra cost of the scheme comes to Rs. 13,778 per annum.

(15) A sum of Rs. 15,600 may be provided in the budget for 1916-17 under a special head "Training Institution for Rural Medical Practitioners" under Medical, the provision for Ayurvedic College for Muzrai being reduced to Rs. 5,658, as per scale in Appendix C. A lump sum grant of Rs. 3,000 may also be made under the latter head for the garden for indigenous medicinal plants.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 11836-84—G. M. 422-15-1, dated 24th February 1916, issuing rules for the occupation of the Stables attached to the Public Office buildings.

2. Government Order No. G. 5031-69—G. M 10-16-6, dated the 21st October 1916, directing that the monthly fee charged for each motor should be reduced from Rs. 3 to Rs. 2 for the year 1916-17.

3. Government Order No. G. 8347-87—G. M. 10-16-7, dated the 18th December 1916, directing that the fee for carriage sheds and horse stalls may also be similarly reduced to annas eight each.

4. Memo, dated the 26th June 1917, of the Registrar, General and Revenue Secretariat, recommending that the arrangements ordered above may be continued for another year and reporting that in spite of the stabling accommodation some carriages and motors are left to stand in the porticos of the building during office hours.

### Order No. G. 155-94—G. M. 10-16-9, dated 7th July 1917.

Government are pleased to direct that the temporary reduction in fee ordered already may be continued for the year 1917-18.

2. Officers should see that their carriages and motors are not left to stand around the Public Office building or its approaches, except for very short periods on occasions of their arrival or departure.

**Paper and other Articles of Stationery.**

No. G. 433-82 / G. M. 146-17-1

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
*Dated 14th July 1917.*

---

## CIRCULAR.

1. The need for economy in the use of imported paper and other articles of stationery was pointed out in Government Circulars Nos. G. 1803-52—G. M. 80-14-13, G. 11372-422—G. P. 24-15-52 and G. 13209-69—G. M. 357-15-3, dated 19th August 1914, 14th February 1916 and 22nd March 1916, respectively.

2. Since the issue of these circulars, there has been an appreciable increase in the price of all kinds of paper and other stationery articles, necessitating greater economy in their use and it is becoming increasingly necessary to keep down the expenditure within bounds. Government are therefore constrained to direct that during the continuance of the European War, the following reductions in the supply of stationery be made:—

(1) The supply of demi-official note papers and covers to officers below the grade of Deputy Commissioners will be discontinued.
(2) The supply of blotting paper will be reduced from four to two sheets in the case of Gazetted Officers.
(3) The scale of supply of steel nibs will be reduced from eight to six per mensem in the case of Gazetted Officers and from eight to four in the case of others.
(4) The supplies of tags and paper fasteners will be reduced by 25 per cent.
(5) No red and blue pencils need be supplied to non-gazetted officers while the supply to Gazetted Officers will be reduced by 50 per cent.
(6) Except where it is absolutely necessary, no indent for red ink powder need be complied with.
(7) The supply of paper may be reduced by 15 per cent.
(8) Goose quills need not be supplied to anybody while pen-holders may be reduced up to 50 per cent.

3. The following instructions are also issued:—

(1) Large covers should not be used where a small one can be used without any inconvenience.
(2) No file boards will be issued to any office which has not been supplied with them till now.
(3) When not more than four copies of typewriting matter are to be taken ordinary white paper should be used in preference to manifolding paper.
(4) The use of double sheets for official correspondence should be avoided where single sheets will suffice.

Government once again desire to impress upon all indenting officers the very great need for observing the utmost economy in the use of articles of stationery and desire that the Superintendent, Government Stationery, shall scrutinize all indents with great care and reduce in communication with the indenting departments such demands in respect of the articles not specified above as may appear to him excessive.

By Order,

D. M. NARASINGA RAO,
*Secy. to Govt., Gen. Dept.*

To—The Superintendent, Government Stationery.
The Deputy Commissioners of Districts.
The Heads of Departments.

**Training of Probationary Assistant Commissioners.**

No. G. 547-96—G. M. 327-16-29, DATED 17TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 3528-75—G. M. 232-12-1, dated 6th January 1913, issuing rules regulating admissions to, and promotions in, the Mysore Civil Service.

2. . Government Order No. G. 11453-66—G. M. 97-14-1, dated 22nd April 1915, issuing instructions regarding the training of Probationary Assistant Commissioners.

### Order No. G. 547-96—G. M. 327-16-29, dated 17th July 1917.

Government consider it expedient to reduce the period of probation and improve the system of training prescribed in the Government Orders read above for Probationary Assistant Commissioners recruited to the Mysore Civil Service. They are accordingly pleased to direct the substitution of the following rules and instructions for Rules VIII and IX of the Civil Service Rules of 6th January 1913:—

*Rule VIII.*—Persons admitted into the Mysore Civil Service by competition under Rule II (1) or nomination under Rule II (2) (*b*) will be under probation and training for a period of two years and will draw a pay of Rs. 200 per mensem during the period.

(*a*) During this period they shall pass:—

(i) an examination in riding,

(ii) departmental service examinations required according to the rules in force for the time being; and

(iii) such of them as have not taken Kannada as their optional language in a University or other recognized public examination, an examination in that language according to the prescribed standard.

A Probationer failing to pass the above tests by the end of the two years of probation may be allowed a further year's grace. Failing to pass in the third year, his name will be removed from the list of Probationers.

(*b*) (i) During this period the Probationers will be trained in office work and other duties as far as may be practicable and will also receive a training in Treasury work, Revenue Survey and Elementary Engineering in the order and for the minimum periods specified below:—

| | | |
|---|---|---|
| (1) Training in the Taluk Office | ... | 6 months |
| (2) Survey Training | ... | 2 " |
| (3) Engineering Training | ... | 3 " |
| (4) Training in Treasury work | ... | 3 " |
| (5) Training in the District and Sub-Division Offices | | 6 " |

(ii) After the Probationers have passed the required Examinations and successfully undergone the prescribed training, they will, at the discretion of Government, be appointed to the several Departments of Government in accordance with the exigencies of service and individual aptitude and qualification, provided that Government may for sufficient reason at any time transfer an Officer from one Department to another.

(iii) Probationers intended for employment in the Accounts Department will, after their period of probation, be attached to the Comptroller's Office, and trained in Civil and Public Works Accounts. In addition to practical training, they will be required to appear for and pass the Departmental Accounts Examinations which may be specified from time to time.

(iv) Probationers intended for employment in the Survey Department will, in addition to the training as in (i) above, be trained in the work of the Department and will be required to pass the departmental examinations in Survey work.

A Probationer who has not made adequate progress during his course of training will be liable to have his confirmation deferred or to be removed altogether from the service.

*Rule IX.*—On becoming fully qualified by passing all the prescribed examinations and going through the course of practical training with credit, Probationary Assistant Commissioners will be confirmed as Assistant Commissioners, V class, on Rs. 250 and afterwards rise according to the scale given below:—

| | |
|---|---|
| To Assistant Commissioner, 4th class, on Rs. 300 | After three years' approved service in the 5th class. |
| To Assistant Commissioner, 3rd class, on Rs. 350. | After three years' approved service in the 4th class. |
| To Assistant Commissioner, 2nd class, on Rs. 400. | After three years' approved service in the 3rd class. |
| To Assistant Commissioner, 1st class, on Rs. 450. | After three years' approved service in the 2nd class. |

2. The Government are also pleased to lay down the following supplemental instructions for the strict guidance of officers under whom Probationary Assistant Commissioners are placed for training in accordance with Rule VIII (*b*) *supra*:—

(i) The heads of offices to which Probationers are attached for training should take work from them as working hands of the office, requiring them to attend to the routine work of each important branch to start with, and after they gain sufficient knowledge and experience of the work, to supervise sections and finally the whole office.

(ii) They should certify at the end of each period of training that the Probationers have undergone the course satisfactorily and that they have acquired a sufficient knowledge of the work. The same rule applies to Treasury, Engineering and Survey training.

(iii) A daily account of work done in the course of training should be maintained by every Probationer.

(iv) No Probationer should, during his period of probation, be utilized for ordinary work of the regular staff except for the purpose of training, without the specific sanction of Government.

3. Government further direct that special confidential reports regarding the work of Probationary Assistant Commissioners already in service and those to be appointed in future, should be submitted half-yearly to Government in their own hand by the Deputy Commissioners of Districts, in which they are undergoing training. The reports should contain sufficient details about the training and the progress made, with the opinion of the Deputy Commissioner as regards the character and capacity of the Probationers concerned.

4. The above rules and instructions in regard to training will supersede Government Order dated 22nd April 1915, read above and may be observed in the case also of the Probationary Assistant Commissioners already appointed so far as they are applicable to them.

D. M. NARASINGA RAO,
*Secy. to Govt., Gen. Dept.*

To—The Comptroller, Mysore Government.
The other Heads of Departments.
The Deputy Commissioners of Districts.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 7122, dated 10th October 1916, from the First Assistant Resident in Mysore stating that a suggestion has been made to the Political Officers of certain States that if the Durbars thereof saw no objection they might be asked to exchange their publications direct with the Mysore Government instead of as at present through the Residencies concerned with a view to reduce routine work in his office.

Correspondence ending with letter No. 1050, dated 9th February 1917, from the same officer, stating that the several Durbars shown in the list forwarded with the letter read above have no objection to the direct exchange with the Mysore Government of the publications shown therein.

---

**Order No. G. 1066-71—G. M. 129-16-181, dated 26th July 1917.**

In accordance with the suggestion made in the letter first read above and in view of the fact that the several Durbars have no objection to the direct exchange proposed, Government resolve that direct transmission by the Secretariats concerned to the several States set forth in the accompanying statement, of the number of copies of the publications referred to therein, be arranged for.

D. M. NARASINGA RAO,

**Programme of work for the Department of Mines and Geology for the next ten years.**

No. G. 987-9—G. M. 292-14-15, DATED 25TH JULY 1917.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. 1016,* dated 11th November 1915, from the Director, Department of Mines and Geology, submitting in pursuance of the directions given in paragraph 21 of Government Order No. G. 8445-93—G. M. 292-14-1, dated 9th February 1915, a programme of work for the Department for the next ten years under the heads

A. Geological Survey and Exploration;
B. Mineral Exploration and Survey;
C. Development of Mining and Metallurgical Industries;
D. Inspection of Mines and Explosives; and
E. Training of Geologists, Prospectors, etc.

*Printed as an annexure.

2. Correspondence ending with letter No. 3005, dated 20th March 1916, from the same officer, submitting rough estimates of the cost of working the programmes under the heads A and B referred to above, recommending that the programme under the head B may be endeavoured to be carried out as far as possible and suggesting that the idea of adhering to a programme for ten years may be dropped, as new discoveries or points of view are likely to divert the attention of the Department to new channels which cannot be contemplated at present.

**Order No. G. 987-9—G. M. 292-14-15, dated 25th July 1917.**

Programme B which not only provides for the prospecting of specific minerals but has distinct economic advantages is approved.

2. Regarding the proposal of the Director that the idea of adhering to a ten-year programme may be dropped, it has to be observed that, when such a programme was called for, Government did not intend that it was not to be changed at any time, if investigations showed that changes were necessary. The idea is that a forecast of work and results for a ten-year period should always be maintained. In the absence of some definite programme, it is likely that the Department will be working without any specific aim. The Director is therefore requested to frame a rough programme for the ten-year period.

3. In regard to C—Development of Mining and Metallurgical Industries—Government are already taking necessary action for the manufacture of iron. The attention of the Department should now be concentrated on the other minerals referred to in paragraph 13 of the re-organization order dated the 9th February 1915, particularly ferro-manganese, chrome, lime and clay. Gold also may be included.

4. In regard to D, accidents on the mines have been of late rather frequent. In individual cases, the Company's staff have always been exonerated from any responsibility for them. But the question deserves closer examination in order to see whether any, and if so what, preventive measures are necessary to ensure the safety of the lives of the workmen and whether the Mining Companies have made adequate provision for the same.

5. If any additional staff is necessary for developing the work of the Department on the above lines, suitable proposals may be sent up for the orders of Government.

D. M. NARASINGA RAO,
*Secy. to Govt., Gen. Dept.*

To—The Director (in charge), Department of Mines and Geology.
The Chief Inspector of Mines in Mysore.
The Comptroller to the Government of Mysore.

## No. G. 987-9—G. M. 292-14-15, dated 25th July 1917.

*Letter No. 1016, dated 11th November 1915, from Dr. W. F. Smeeth, M.A., D.Sc., A.R.S.M., etc., Director, Department of Mines and Geology, Mysore State, to D.M. Narasinga Rao, Esq., B.A., B.L., Secretary to the Government of His Highness the Maharaja of Mysore, General Department.*

With reference to paragraph 21 of Government Order No. G. 8445-93—G. M. 292-14-1, dated 9th February 1915, and subsequent correspondence ending with your letter No. G. 2404, dated 21st August 1915, I have the honour to submit herewith for the orders of Government a programme of work for this Department for the next ten years.

---

### DEPARTMENT OF MINES AND GEOLOGY.

PROGRAMME OF WORK.

Under orders of Government requiring programmes for ten years to be prepared, the following schemes have been drawn up.—

*A. Geological Survey and Exploration.*

The following programme has been drawn up in consultation with Mr. Jayaram and Mr. Sampat Iyengar. The idea in view is to revise the preliminary work already done, sheet by sheet, so as to permit of the printing and publication of the sheets of the ½ inch map.

The sheets have been selected in order of importance and the work will be confined mainly to the schists and particularly to the location of minerals in them. Little attention can be paid to scientific petrology or matters of purely geological interest and the areas of gneiss and granite will be passed over lightly except where minerals are known or suspected. The list gives the number of the final ½ inch sheet, the numbers of the Topo Sheets embraced in it, the names of minerals known or likely to occur and the name of the officer in charge.

| Year | Number of ½" sheet | Topo sheets | Minerals | Name of Officer |
|---|---|---|---|---|
| 1916 | 3 ... | 11, 12 ... | Manganese and iron ... | Mr. Jayaram |
| | 4 ... | 13, 14 ... | Kaolin, clays, corundum, mica ... | „ Sampat Iyengar |
| 1917 | 1 ... | 2, 3 ... | Iron (Unsurveyed) ... | Do |
| | | | Manganese, iron ... | „ Jayaram |
| | 2 ... | 9, 10 ... | Examination of laterite for bauxite | |
| 1918 | 1 ... | 1, 2 ... | New schists of Western Ghats, laterite. | „ Sampat Iyengar |
| | 6 ... | 23, 24 ... | Mallebennur area, gold? ... | „ Jayaram |
| 1919 | 19 ... | 73, 74 ... | Iron, manganese, limestone ... | Do |
| | 11 ... | 44, 45 .. | Limestone and clays ... | „ Sampat Iyengar |
| 1920 | 10 .. | 42, 43 ... | Antimony, clays .. | Do |
| | 18 ... | 71, 72 ... | Iron, manganese, limestone ... | „ Jayaram |
| 1921 | 20 ... | 75, 76 ... | Potstone, asbestos ... | „ Sampat Iyengar |
| | 21 ... | 77, 78 ... | Kaolin gold, kankar, earth salt ... | „ Jayaram |
| 1922 | 13 ... | 48, 49 ... | Chrome, iron, asbestos ... | „ Sampat Iyengar |
| | 14 ... | 50, 51 ... | New survey—corundum, graphite... | „ Jayaram |
| 1923 | 12 ... | 46, 47 ... | Largely new ... ... | Do |
| | 5, 9 ... | 15, 29, 30 | Graphite, garnets ... ... | „ Sampat Iyengar |
| 1924 | 24 ... | 104, 105 ... | Largely new ... ... | Do |
| | 31 ... | 171, 172 ... | Corundum, revision work ... | „ Jayaram |
| 1925 | 30 ... | 168, 170 ... | Laterite and kaolin ... | Do |
| | 27 ... | 136, 137 ... | Corundum areas ... ... | „ Sampat Iyengar |

A few remarks as to this programme are necessary.

The programme allows no time for sickness or leave, and even excluding these, the areas involved are so large that the time is likely to be exceeded. The sheets selected will cover

the principal schist and mineral areas and will leave 9 of the ½" sheets or 18 Topo sheets still to be done.

This means that the whole work will take at least fifteen years to get through and will require the following conditions as absolutely essential:—

1. That Messrs. Jayaram and Sampat Iyengar shall devote their whole time to this work;
2. That in examining the country they shall only do legitimate exploration for minerals but shall not, except in very special cases, spend time over prospecting of deposits for which purpose there should be a special officer in charge of prospecting parties;
3. That I should devote the greater portion of my time, apart from routine and office, to inspecting and supervising the work and preparation of maps; and
4. That we should have 4 permanent draughtsmen for the drawing and publication of maps so as to keep up with the progress of work.

It is for Government to consider whether they wish to sanction this programme under these conditions. Even then, as I have pointed out, the programme is likely to take longer than the scheduled time.

It is a matter to which I have given much serious thought during the past couple of years, and much as I should like to carry out the revision of the survey and publication of the map, I doubt if Government can be induced to sanction this programme or that I am altogether justified in strongly recommending them to spend the necessary time and money on it.

No doubt we should produce an excellent map of scientific and practical interest, but the knowledge I have already gained of the country leaves me very sceptical as to its mining and mineral possibilities. If I thought there was a reasonable chance of turning up new classes of deposits or large quantities of valuable minerals, I would advocate the above programme in combination with prospecting parties under an experienced mining engineer. If, however, our limited staff is to devote the greater portion of its time not merely to exploring for minerals as a guide to outside prospectors but also to conducting prospecting work on mineral deposits, the above programme becomes impossible.

I feel obliged therefore to propose an alternative scheme in which systematic survey for the purpose of completing and publishing the ½" map must be abandoned, at any rate for the present. This scheme is on the following lines, but it is quite impossible for me to lay down details for a number of years as so much depends on what is found or specific requirements from time to time.

*B. Mineral Exploration and Survey.*

The work will be carried on by Mr. Jayaram and Mr. Sampat Iyengar under my supervision. The object will be to take up certain minerals and investigate their mode of occurrence and possibilities and to pay attention only to those minerals, and the geology so far as it concerns them, without spending time on other geological work or endeavouring to complete any particular sheet or area.

In some cases several minerals in the same area may be taken up simultaneously or an unknown area may be mapped and explored for minerals generally. These officers should particularly study the places in which similar minerals have been opened up or mined to acquaint themselves with the conditions under which they occur as a guide to further exploring work.

Each officer should be provided with a mestri who can obtain labour and supervise the making of pits and trenches for obtaining information and samples. If any place requires more extended prospecting, one of our Sub-Assistants or other prospector should be put on to carry it out leaving the officer in charge free to continue further work.

I would suggest that each officer should take with him during the field season one or two of the Apprentices for instruction and experience. For the present, I suggest the following work.

1916.

Mr. Sampat Iyengar to take up the investigation of kaolin and clay in the neighbourhood of Koppa and Tirthahalli. If time permits I would like him to make an examination of certain of the schists on Topo Sheets 13 and 14 about which little is known and in which minerals may occur. Mr. Jayaram will take up the investigation of Manganese and Iron round about the Kumsi and Shankargudda areas and endeavour to determine the lines along which they occur and locate further deposits. Incidentally, he will examine certain limestones which are associated with these to see if sufficiently good material for fluxing and other purposes can be obtained.

No. G. 987-9—G. M. 292-14-15, DATED 25TH JULY 1917.

1917.

In view of the proposals to run a railway to Bhatkal, it is important that the schists of the Western Ghats on Topo Sheets 1 and 2 should be examined and explored. This is totally unexplored country and it is probable that iron ores will be found and perhaps other minerals. If the iron ore is in large quantity and of good quality, it might be possible to develop an export trade as it will be within a short distance of the coast. I propose that Mr. Sampat Iyengar should take up this work.

Mr. Jayaram will continue the work of the previous season if sufficiently encouraging If not, he should turn his attention to the country to the east of Joladhal as I think that a further effort to find Manganese and Iron there should be made. We are getting some evidence that phosphorus varies considerably in different areas and a special effort should be made to locate a low-phosphorus iron ore which is the most important desideratum for our Iron Smelting Scheme.

1918, etc.

I cannot see my way to make specific proposals further ahead than this as so much depends on the results which may be obtained from the above work. I may mention the following which may be taken up in whatever order appears to be most urgent or promising.—

(1) A number of other areas in the Shimoga District may be further explored and prospected for iron and manganese.
(2) Large areas in the Chitaldrug Schist belt contain iron and manganese and some of these would be worth further work. A good deal of iron ore occurs, but it is far from the railway and from any possible smelting works and would probably only justify itself if of special grades. This can be determined only by careful prospecting, sampling and analysis.
(3) The comparatively low grade chrome ores of the Hassan District want further investigation and experimental work in the way of forming a richer product by concentration. The advent of a smelting works in Shimoga—especially with electric furnaces, might render this worth attention.
(4) If the report on the samples of corundum which I have sent to America is favourable, there will be a lot of work to be done in organizing a supply and prospecting for further quantities to a degree which is not justified at present.
(5) Other minerals such as garnet, asbestos, and graphite may be worth further attention though they are not promising.

In general, the idea is that the two officers I have mentioned should take up certain specific minerals and deal with them as such as regards their location, geological association, quantities available, use and treatment. Apart from their particular programme, they will be available for investigating any urgent demands or new finds which may crop up from time to time.

As an instance I may mention that I intend to send Mr. Jayaram to the Kolar Gold Field for a month or so before Christmas to make certain specific investigations regarding the structure of the Mysore Mine at the request of the Superintendent. I have made an investigation myself, but a lot of detailed work is required which I have not time for and without which I cannot give them further assistance.

This work will have to be continued next year during the recess and Mr. Jayaram will at the same time get the large scale map of the Field completed as far as possible for publication.

In concluding this alternative programme, I may note that it means abandoning or deferring the systematic revision of the survey work and the publication of a large ½ inch map. Revisions and additions of the survey work will of course be made during the course of the exploration work and these will be put on the office maps as additions or corrections which will be available for reference. When any particular sheets are sufficiently complete to justify the expense, Government may decide to have them published from time to time. In the meantime, I have at present under publication a single map of the State on 8 miles to the inch which I am making as full as the scale permits and which will be a useful guide to the geology of the State so far as we know it at present.

*C. Development of Mining and Metallurgical Industries.*

1. *Iron and Steel.*—I have already submitted a scheme which will take several years to get into operation. I need not repeat the various parts and details of the scheme.

2. *Prospecting.*—In connection with the above, I have submitted definite proposals for prospecting certain of the Bababudan Ores during the next Field Season. It is necessary to make certain of a sufficiently large supply of suitable ore. The supplies on the Bababudans

are large, but the questions which require determination are the grade or quality which can be depended upon and the cost of getting it. I want to be able to guarantee at least a million tons of suitable material at a suitable cost, and extensive prospecting, sampling and analysis is indispensible. The prospecting work will be carried out by Mr. Venkataramaiya.

3. *Ferro Manganese.*—I have been reinvestigating this and I believe there will be a chance of doing business in certain grades in India and Eastern markets provided we can get enough charcoal. When we get the Iron and Steel works, the furnace can be turned on to Ferro manganese for large scale experimental runs. If the Iron Scheme fails, it may be worth while to take up the Ferro Scheme on its own.

4. *Manganese Steels.*—This might be made an important accessory to the steel works giving a high priced product. It is a special line, but I have no doubt it could be developed.

5. *Alloys.*—With the advent of electric furnaces and a steel-works, staff and equipment a series of large scale experiments can be systematically carried out at a minimum of cost and risk. From our Mysore materials we can experiment on Ferro Manganese, Ferro Chrome, Ferro Silicon, Silicon Spiegel, Titanium and Manganese Steels and Ferro Titanium. None of these would pay to touch individually or on their own, but a number of them might be run as adjuncts to the electric production of steel as proposed in the main scheme. The quantities which can be sold are small, but prices are high and we might do a small but lucrative business in India and further East.

6. *Carbide.*—This is another small accessary which could be made from charcoal breeze and our purer limestones, given an existing staff and equipment and the addition of a special furnace. Carborundum might also come in.

7. *Limestones.*—We have shown that large quantities of limestone exist in the Tumkur District not very far from the railway. These are chiefly magnesian limestone with patches of fairly high Calcium limestone. The possible uses are—

(1) For smelting flux-about 5,000 tons per annum for which the magnesian limestone would probably be most suitable.
(2) For paper making for which some 5,000 to 6,000 tons per annum of high-calcium limestone is required and would have to be burnt.
(3) For agricultural purposes which might absorb a large quantity, if successful and sufficiently cheap. This would mean grinding or burning or both.
(4) Cement making. It is worth investigation whether a cement can be made for local use. Clay is necessary and I propose that Mr. Balaji Rao in addition to continuing his work on the limestones during the next field season should also prospect for a suitable clay.

The problem is largely one of finding sufficient uses to justify the erection of modern plant and the services of the necessary staff. I have already made separate proposals for obtaining large samples and starting experimental work which will probably require a couple of years to reach a definite decision.

8. *Corundum.*—The output and quality of the corundum produced in Mysore is not satisfactory. Crude undressed mineral is sold and the trade is largely in the hands of dealers and uncertain. Experiments have been made here and special samples have been collected and sent to America for test and report. If favourable, it may be possible to erect a small plant here and treat the corundum and sell the finished product.

9. *Magnesite.*—The problem of using our Magnesite is under active consideration in conjunction with Messrs. Tata & Sons. Separate reports have been furnished on the possibilities and further requirements for starting work. If work is started, other uses in the direction of magnesian cements may possibly be developed.

10. *Kaolin.*—The use of kaolin is under discussion with the Economic Conference. Under the head of exploration, arrangements have been proposed to a further investigation of deposits in the neighbourhood of Koppa and Tirthahalli.

11. *Asbestos.*—The mineral is poor and unsuited for high class work. An investigation has been started as to its suitability for asbestos sheeting, tiles, etc.

### *D.—Inspection of Mines and Explosives.*

Inspection of mines will be carried on systematically on existing lines under my general supervision by Mr. Bocquet assisted by Mr. Beckwith and Mr. Suryanarayana Rao. Except in cases of special importance, the time of these officers will be fully occupied with work on the Kolar Gold Field.

Mr. Setlur will make a yearly tour of the mines and prospecting works in the State outside of the Kolar Field and will combine this work with a careful compilation of information regarding output, methods of work, costs, etc., for the purpose of a Bureau of information.

No. G. 987-9—G. M. 292-14-15, DATED 25TH JULY 1917.

Mr. Setlur will also continue the inspection of Explosives Magazines, the issue of licenses, etc., and will arrange to combine the work as conveniently as possible with his mine inspection work. To permit of his doing this, it will be necessary for him to drop any systematic inspection of minor premises in which explosives are stored under licenses granted by District Magistrates except in a few important cases or where irregularities are brought to notice. We have already done a great deal in regularizing these District Licenses and premises and instructing District Inspecting Officers, and the inspection work may now be left mainly to them as is done elsewhere in India without taking up the time of the Inspector of Explosives.

*E.—Training of Geologists, Prospectors, etc.*

I have already submitted a separate programme for a two years' course of instruction for such apprentices as may be taken on and this is under consideration of Government. I cannot see sufficiently far into the future to say how this programme will work out or what the subsequent developments will be. We should endeavour to encourage a natural growth rather than seek to put men into an artificial forcing house run on a preconceived plan which may be quite unsuitable.

**Direct Transmission of Publications.**

No. 155—Edn. 12-16-148, dated 6th July 1917.

## COURSE FOR M. A. DEGREE.

### Sanskrit.

The course shall extend over two years and shall consist of—

(A) A General Part relating to the study of the classical language and literature, and

(B) A Special Part relating to the study of—

(*a*) Vedas, or

(*b*) Sastras, at the option of the student.

The General Part shall comprise—

(i) Detailed study of prescribed books under Prose, Poetry and Drama.

*N. B.*—The student is required to possess a sufficient knowledge of Dramaturgy and Prakrit.

(ii) Sanskrit Grammar (as in Siddhanta Kaumudi excluding Taddhita Saishika, Unadisvara and Vaidika Prakaranas) with the elements of Indo-Germanic Philology.

(iii) Poetics as in "Kavyaprakasa" or any similar work.

(iv) Composition in Sanskrit.

The Special Part shall comprise—

(*a*) Vedas—

(i) Vedic Grammar, Philology and Exegesis.

(ii) Detailed study of prescribed books representing the various stages of Vedic Literature.

(iii) A critical enquiry into the growth and value of Vedic Literature in general (including the Vedangas.)

(iv) Unprepared Translation.

(*b*) Sastras—

(i) Essentials of Tarka and Mimamsa.

(ii) Detailed study of prescribed books relating to one or more Sastras.

(iii) A critical enquiry into the growth and value of Sastra Literature in general.

(iv) Unprepared Translation.

The scheme of the Final Examination shall be as follows :—

### A. General Part.

| | | |
|---|---|---|
| 1. | Classical Prose and Poetry ... ... | One paper of 3 hours. |
| 2. | Drama ... ... ... | Do |
| 3. | Grammar with the elements of Indo-Germanic Philology ... ... ... | Do |
| 4. | Poetics ... ... ... | Do |
| 5. | Sanskrit Composition ... ... ... | Do |

### B. Special Part.

| | | |
|---|---|---|
| 1. | (*a*) Vedic Grammar, Philology and Exegesis ... or ... ... ... (*b*) Essentials of Tarka and Mimamsa ... | One paper of 3 hours. |
| 2. | Selected subject—Prescribed books ... ... | Do |
| 3. | Do Do ... | Do |
| 4. | Do General ... ... | Do |
| 5. | Unprepared Translation ... ... | Do |

No. 250-3—Edn. 3-16-207, dated 11th July 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Rule XV of the rules for the award of foreign scholarships laid down in Government Order No. 763-813—Edn. 100-13-1, dated the 22nd October 1914, requiring among other things that the loan scholarship-holder should furnish satisfactory security for the repayment of the amounts advanced to him.

2. Correspondence ending with letter No. 20102-808, dated the 26th February 1917, from the Inspector-General of Education in Mysore, stating that hypothecations of immovable property owned by the holders of loan scholarships and life insurance policies to the extent of their surrender value may be accepted as securities for the loans advanced by Government.

### Order No. 250-3—Edn. 3-16-207, dated 11th July 1917.

Government have noticed that in some cases the loan scholarships sanctioned by them could not be utilised by the candidates on account of their inability to furnish satisfactory security. They are of opinion that it is necessary to make some exception in the case of specially deserving candidates who cannot furnish satisfactory security as required by the rules and are accordingly pleased to sanction the following rules :—

(i) In the case of ordinary candidates not in the service of Government, hypothecation of moveable or immoveable property or of life insurance policies to the extent of their surrender value at the time of the award of the scholarship should be insisted upon.

(ii) In the case of candidates with superior qualifications, *e.g.*, M.A's, M. Sc's, or graduates with high honours or a first class degree and men in service specially recommended by the Heads of the Departments concerned, the *face value* of their life insurance policies may be accepted as sufficient security, provided

(*a*) the candidate undertakes to pay the necessary premia until the repayment of the loan; and

(*b*) agrees to serve Government on a rate of pay to be fixed at the discretion of Government for five years, or until the repayment of the loan in instalments of not less than one-fourth of his salary whichever is the longer period.

These conditions should be strictly enforced in the case of all loan foreign scholarships.

P. G. D'SOUZA,
*Secy. to Govt., Depts. of Edn. & Agri.*

To—The Inspector-General of Education in Mysore.
The Comptroller to Government.
The Secretary, Education Committee.
The Secretary, Economic Conference.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 3263, dated 19th February 1917, from the Secretary to the Education Committee of the Economic Conference, requesting sanction to a scheme of school-excursions.

2. Correspondence ending with letter No. 26571—1053, dated 3rd May 1917, from the Inspector-General of Education in Mysore, submitting his views in the matter.

### Order No. 940-3—Edn. 131-16-5, dated 26th July 1917.

The Education Committee have proposed a scheme of excursions to be undertaken by the students of all schools, Elementary, Middle and High, and also by students of Colleges. The Inspector-General of Education is of opinion that the Head Masters of High Schools and Normal Schools could, with the aid of increased grants, arrange for excursions by their students to greater advantage but that the Middle and Elementary schools are not likely to benefit by such excursions.

2. Government are pleased to direct that a sum of Rs. 5,000 be provided in the year 1918-19 for encouraging excursions by the students of High, Normal and Middle schools. The Inspector-General of Education is requested to point out the source from which the amount should be found in the current year. The provision should be included in the estimates for the next year. As proposed by the Education Committee, they should spend about a week in every term during holidays on such excursions. Teachers may accompany the parties at the rate of one for every twenty students and their travelling allowance paid at the usual rates. One-third of the cost of cartage and trainage incurred by the students will be paid by Government. The Inspector-General of Education is requested to frame a suitable programme in the case of all the High and Normal schools and submit the same at the beginning of every term to Government for information, and a report on the working of the scheme should be submitted to Government at the end of two years.

3. Government agree with the Education Committee in thinking that occasional visits even of students of Elementary schools to the houses of goldsmiths, blacksmiths, potters and weavers are likely to prove beneficial. Similar visits to watercourses, reservoirs, gardens and fields may also be undertaken by students and teachers of Elementary schools whenever possible. Such visits and excursions deserve to be encouraged and the Inspector-General of Education may take steps to make it generally known that the work of teachers doing good and useful work in this direction will be appreciated. The number of Elementary schools in which such work is undertaken may be intimated to Government in the report referred to in the foregoing paragraph.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 11 of Government Order No. 4738-87—A. & E. 62-16-5, dated the 18th December 1916, requesting the Secretary, Mysore Economic Conference, to submit for approval in consultation with the principal Municipal Councils and District Committees, a suitable form for collecting statistics, similar to village statistics, for urban areas.

**Order No. 342-55—A. & E. 4-17-1, dated 11th July 1917.**

The form suggested by the Secretary, Economic Conference, for collecting statistics for cities and towns is approved and is printed as an appendix to this Order.

2. The Deputy Commissioners and Presidents of District Municipalities and the Presidents of the Bangalore and Mysore City Municipalities are requested to arrange for the immediate collection of statistics in the accompanying form for the official year ended 1916-17.

3. The statistics for the District Municipalities should be compiled in the Deputy Commissioner's office and the District totals submitted to Government as in the case of village statistics.

4. The statistics for all Municipal areas should be sent so as to reach Government not later than the 30th September 1917.

P. G. D'SOUZA,

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

The following letters from the Secretary, Industries and Commerce Committee:—

(i) Letter No. 2479, dated 5th March 1917, recommending an annual grant not exceeding Rs. 500, equal to the amount raised in the district, to the Tumkur District Museum.

(ii) Letter No 2499, dated 7th March 1917, regarding the establishment of a Central Industrial and Commercial Museum at Mysore

(iii) Letter No 2877, dated 5th April 1917, recommending the grant of Rs 500 for initial expenses and of Rs 400 for recurring expenses every year to the Chitaldrug District Committee on condition that the District Committee collects an equal amount

(iv) Letter No 2880, dated 5th April 1917, recommending the grant of Rs. 500, for initial expenses for the District Museum, Shimoga, as the district has already collected a similar amount

### Order No. 410-502—I. & C. 134-16-2, dated 13th July 1917.

With a view to stimulating industrial and commercial activities in the State and to provide the people with facilities to acquaint themselves with new commodities that can be manufactured within the State and the means by which local products may be made to withstand competition and find openings in other markets, the Industries and Commerce Committee propose the establishment of a Central Museum at Mysore.

2. The scheme is to be on the following lines:—

(i) The Museum should be both Industrial and Commercial.

(ii) It should contain (*a*) samples of local raw materials and manufactured products for which there is demand outside the State, (*b*) samples of goods produced outside Mysore for which Mysore articles can be substituted, (*c*) samples of manufactured goods imported from outside into the State which can be locally manufactured, (*d*) samples of important implements and machinery which may be advantageously recommended to leading raiyats and manufacturers for use and purchase, (*e*) up-to-date lists of names of local manufacturers or producers in a position to receive orders on a commercial scale and (*f*) a catalogue of shops and firms dealing in Mysore goods outside the State.

(iii) It should have as an adjunct an information bureau and be able to furnish adequate information to merchants, artisans and manufacturers regarding raw materials, markets, processes of manufacture, implements and machinery required, so as to stimulate manufactures and develop trade and commerce.

(iv) It should have a good library of reference books, preference being given to publications dealing with raw products found or considered suitable for Mysore and the leading journals and newspapers relating to industries and commerce.

(v) It should be under the control and guidance of the Director of Industries and Commerce assisted by an advisory Board composed of

(1) The Director of Agriculture,
(2) The Chief Electrical Engineer,
(3) The Director of Mines and Geology,
(4) The Conservator of Forests,
(5) The Deputy Commissioner, Mysore,
(6) A Representative of the Mysore Chamber of Commerce, and
(7) The Secretary, Industries and Commerce Committee.

(vi) Arrangements should be made for periodical public lectures being delivered at the Museum for explaining the objects and scope of the Museum and in what way it can be utilised by the public.

(vii) The Museum should be allowed to utilise the services of the Commercial Correspondents that may be employed outside the State.

3. It is proposed to locate the Central Museum in the ground floor of the Chamarajendra Technical Institute and place it in charge of Mr. Alderton as Honorary Curator of the Museum.

A staff consisting of a qualified Technical Superintendent, on a salary of Rs. 75—5—100 with an establishment of two clerks, one on Rs. 40 and another on Rs. 30, has also been recommended for carrying on the work of the Museum. As regards equipment, it is proposed that a sum of Rs. 50,000 should be provided for purchase of samples of machinery and implements, Rs. 10,000 for the purchase of commercial exhibits and Rs. 3,000 for equipment, such as furniture, etc.

4. Government are pleased to approve of the scheme for a Central Museum outlined above generally with the following modifications:—

(i) The Musuem will be located for the present in the Exhibition grounds till a new permanent building is constructed. The Secretary, Exhibition Committee, will be requested to place the machinery shed and the vacant site adjoining it at the disposal of the Director of Industries and Commerce for the purpose.

(ii) To organise it and place it on satisfactory basis, a special officer will be deputed for a period of three to six months, a qualified technical assistant being associated with him on the salary proposed and trained to take charge of the Museum. The information bureau and the library should be equipped with the necessary staff and references.

(iii) In addition to the members proposed, the Board will consist of the Inspector-General of Education and the Superintendent, Chamarajendra Technical Institute. The last named officer will be the Secretary to the Board and serve as Honorary Curator.

(iv) The staff for the present will be temporary and appointed from year to year.

(v) A detailed set of rules should be prepared and issued with the approval of Government for keeping the collection of exhibits in the Museum up to date and bringing it into touch with the requirements of local traders and manufacturers.

5. A sum of Rs. 10,000 is sanctioned for the purchase of necessary industrial and commercial exhibits and Rs. 3,000 for equipment, such as, the purchase of furniture, etc. The existing machinery in the Exhibition grounds will be transferred to the Museum and the Director of Industries and Commerce is empowered to purchase in consultation with the Advisory Board fresh machines and implements out of the sale proceeds, if any specimens of the existing machinery are sold at not less than the value paid for them. The question of sanctioning a grant for purchase of machinery will be considered on receipt of detailed proposals as to the possibility of securing suitable machinery during war time. The Director of Industries and Commerce is requested to intimate the amounts required for expenditure during the current year and arrange for the amounts immediately required being made available out of the Industries and Commerce Department Budget and balance, if any, from the General Conference Budget in consultation with the Secretary, Economic Conference.

6. The Industries and Commerce Committee also recommend the grant of some contribution towards the Museums started at Tumkur, Shimoga and Chitaldrug. As it would be useful to have small museums at District and Taluk Headquarters as auxiliary to the larger museums so that they may give prominence to exhibits relating to local raw products and manufactures, Government are pleased to lay down the following scale of grants for District and Taluk Museums for a period of three years:—

(i) A contribution equal to the amount raised in each district but not exceeding Rs. 500 for initial expenses, such as the purchase of exhibits and equipment

charges and a grant equal to the amount contributed by the district, but not exceeding Rs. 25 a month, for monthly recurring expenditure, for museums located at the headquarters of each district excluding Mysore, where a separate District Museum is unnecessary.

(ii) An annual contribution not exceeding one-fourth of the amount raised in a taluk but subject to a limit of Rs. 50 for the maintenance of each museum located at the headquarters of each taluk in addition to any contribution that may be made from the funds of the Taluk Progress Committee.

7. The District and Taluk Museums will be under the control and guidance of the Presidents of the District and Taluk Committees, respectively, assisted by a small Advisory Board selected by them, composed of not more than five gentlemen specially interested in Commerce and Industries, Implements and Machinery.

8. The District and Taluk Museums should also contain an Enquiry Office and Information Bureau and will receive necessary guidance in technical matters from the Central Museum. The Central Museum will correspond direct with local museums and also arrange for periodical inspection of the latter.

9. The recommendation of the Industries and Commerce Committee in regard to the District Museums at Tumkur, Shimoga and Chitaldrug are approved and the following grants are sanctioned :—

(*a*) *Tumkur.*—An annual grant of Rs. 500 for a period of three years on condition that an equal amount is contributed by the district.

(*b*) *Shimoga.*—Rs. 500 for the current year on condition that an equal amount is made available from the district.

(*c*) *Chitaldrug.*—Rs. 500 for initial expenses for the current year on condition that an equal amount is contributed by the district.

A monthly grant for recurring expenses of Rs. 25 on condition that a similar amount is contributed by the districts for a period of three years.

10. Government trust that as a result of the substantial encouragement now afforded, Museums will be started in all districts and important taluks and that the Central Museum and local museums will form the centres of investigation and development of trade by affording facilities for the examination of raw materials and manufactured samples and for obtaining information regarding the cost of production and distribution, markets available and process of manufacture.

11. The Director of Industries and Commerce is requested to submit brief reports to Government on the progress made by the Central Museum and local museums affiliated to it, once in six months.

Correspondence ending with letter No. 6386, dated 22nd May 1917, from the Registrar of Co-operative Societies in Mysore, furnishing his views in regard to the draft rules for regulating the recruitment of officials in the Co-operative Department.

### Order No. 600-50—I. & C. 151-16-3, dated 17th July 1917.

Government are pleased to prescribe the accompanying rules for regulating the recruitment of officials in the Co-operative Department.

2. The Secretary, Local Service Examinations, is requested to take the necessary steps for instituting the examination referred to in paragraph 2 of the Rules.

P. G. D'SOUZA,
*Secy. to Govt., Depts. of Edn. and Agri.*

To—The Registrar of Co-operative Societies in Mysore.
The Comptroller to Government.
The Deputy Commissioners of Districts.
The Secretary, Local Service Examinations Board.
The Heads of other Departments.

Exd.—C. R.

No. 600-50—I. & C. 151-16-3, DATED 17TH JULY 1917.

## RULES FOR REGULATING RECRUITMENT OF OFFICIALS IN THE CO-OPERATIVE DEPARTMENT.

1. No person shall be eligible for appointment as an Inspector of Co-operative Societies or as the Head Clerk of the Office of the Registrar, unless he has taken a Degree in an Indian University or passed an examination equivalent to the Intermediate examination of the Madras University.

Provided that in specially deserving cases, or where the person proposed to be appointed belongs to a community not much represented in the Public Service, Government may grant exemption from this rule.

2. A person appointed as Inspector or Head Clerk should have already passed, or should, within two years after his appointment, pass a departmental examination in the following subjects:—

1. Book-keeping.
2. Co-operative Societies' Regulation.
3. Standing orders relating to Co-operative Societies.

The Head Clerk should in addition pass the Account Examination, Higher Grade.

3. Recruitment to the Department, so far as it is not provided for above, will be regulated by the clerkship rules issued with Government Order No. 172—E. A. G., dated 5th March 1917.

**Encouragement of the Sandalwood Carving Industry.**

No. 894-902—I. & C. 60-16-50, DATED 24TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

Petition dated 13th February 1917, from certain Gudigars of Sagar town, Shimoga District, requesting Government help to the Co-operative Society started by them.

2. Letter No. 5402, dated 17th April 1917, from the Registrar of Co-operative Societies, forwarding a copy of the Proceedings of the Gudigars Co-operative Society, Limited, held by the Deputy Registrar on 10th March 1917, setting forth the nature of the help required by the Society and stating that action is being taken to assist them on the lines decided on.

3. Letter No. 4107, dated 21st April 1917, from the Officiating Director of Industries and Commerce proposing certain measures to improve the Sandalwood Carving Industry in the State.

4. Government Order No. 10366-9—I. & C. 160-16-2, dated 21st June 1917, directing the Conservator of Forests to supply to the Industries and Commerce Department for a period of one year Rs. 1,000 worth of selected sandal billets for supply to the carvers and stating that all sandalwood sold for *bona fide* carving purposes may be reduced by 50 per cent in price.

5. Letter No. 98, dated 13th July 1917, from the Secretary, Industries and Commerce Committee, furnishing the Committee's opinion on the subject.

**Order No. 894-902—I. & C. 60-16-50, dated 24th July 1917.**

In his letter read above, the Director of Industries and Commerce has made the following recommendations:—

(1) That the services of the Superintendent of the Industrial School at Sagar should be utilized to train the Gudigars in carpentry.

(2) That a sum of Rs. 500 should be sanctioned for the erection of a shed in the school yard for the said purpose and for the purchase of the necessary tools.

(3) That the finished articles of the Society should be exhibited in the Mysore Arts and Crafts Depot, Bangalore, paying one-half of the cost of production on delivery and the other half after the articles are sold; and

(4) That sandalwood required for the work should be supplied at a reasonably low rate for some years.

2. It is reported that the Inspector-General of Education is agreeable to the proposals contained in the first three recommendations, which are hereby sanctioned. The arrangements will continue for one year. Any further extension will depend on the results during the period.

As regards the supply of sandalwood at concession rates, orders have already been passed in the Government Order dated 21st June 1917 read in the preamble.

The source from which the expenditure of Rs. 500, referred to above, will be met may be pointed out to the Comptroller.

3. A report on the result of the action taken may be submitted to Government in due course.

No. 1-11—Muz. 612-16-2, dated 4th July 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

### GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Proceedings No. 1061-70, dated 16th February 1898, authorizing the Deputy Commissioners of Districts to sanction all Muzrai estimates up to the value of Rs. 50.

Subject No. 201 brought up by Mr. B. Kesaviah, Member, Chikmagalur Taluk, during the 2nd Session of the Representative Assembly of 1916-17, complaining that much delay is caused in the construction of Muzrai buildings as the bills are to be paid by the Muzrai Superintendent, and requesting that the Deputy Commissioners may be empowered to pay Muzrai bills at least up to Rs. 1,000.

**Order No. 1-11—Muz. 612-16-2, dated 4th July 1917.**

Under the existing practice, bills for works executed under the agency of the Revenue Officers, have to be submitted to Government for sanction before being sent on to the Comptroller for audit. The procedure is no doubt elaborate and the Comptroller who was consulted considers that much delay will be saved if the bills are directly sent up to the Deputy Commissioners by the Amildars without going th rough the Sub-Division Officers and forwarded by the former to the Comptroller for audit without going through the formality of Government sanction.

The Government are pleased to accept the Comptroller's suggestion and direct that, in future, all bills, except the final ones, should be submitted by the Amildar to the Deputy Commissioner who should forward the same direct to the Comptroller for audit and return. The final bills will, however, be sent through the regular series of offices as heretofore to enable them to make note of progress and, if need be, to check the work.

G. ARAVAMUDU IYENGAR,
*Joint Secy. to Govt., Muz. Dept.*

To—The Deputy Commissioners of Districts.
The Comptroller, Mysore Government.
The Muzrai Superintendent in Mysore.
Mr. B. Kesaviah, Representative Member of Chikmagalur Taluk.

**Deposit under the Charitable Deposit Rules.**

No. 149-52—Muz. 660-16-2, dated 20th July 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter dated 1st June 1917, from Mr. M. Chengiah Chetty, B.A., Official Liquidator and Honorary Secretary, Bangalore Hindu Family Pension Fund, forwarding extract from the proceedings of the meeting of the share-holders of the said Fund, held on 10th January 1917, together with a copy of the Bangalore District Judge's order dated 18th May 1917, and requesting that Government may take charge of the sum of Rs. 9,000 sanctioned in the said proceedings and administer the Trust Fund in the manner indicated therein.

**Order No. 149-52—Muz. 660-16-2, dated 20th July 1917.**

It is seen from the extract of proceedings referred to above, that it has been resolved by the share-holders that the balance left may, as suggested by the Liquidators, be deposited with the Mysore Government as a charitable Trust and the interest accruing thereon be paid in equal shares for the benefit of the Deaf and Dumb School in Mysore and for the Annavasantha Sangham in the Civil and Military Station, Bangalore. The District Judge has also passed an order winding up the Fund and approving of the proposed scheme.

2. In these circumstances, Government are pleased to accept under the charitable Deposit Rules of 1909, of the deposit of Rs. 9,000 referred to above, and to allow interest thereon at 4 per cent (½ per cent in excess of the rate allowed by the Government of India on their securities.) In view, however, of the higher rate of interest for the time being prevailing for public loans of short duration and increased rate of interest allowed by Government on fixed deposits in Savings Banks, interest at 5 per cent will be allowed for the first five years on the deposit in question.

3. As the administration of the trust is left in the hands of Government, the Muzrai Superintendent is requested to draw the interest on the endowment and remit the amounts due to the two institutions on satisfying himself that they are being managed on sound lines.

G. ARAVAMUDU IYENGAR,
*Joint Secy. to Govt., Muz. Dept.*

To—The Deputy Commissioner, Bangalore District.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Mis. C. 1234, dated 17th April 1917, from the Deputy Commissioner, Bangalore District, stating that one Mr. Alampalli Narasimhaiya of Dodballapur Town has offered to deposit a sum of Rs. 6,000 under the Charitable Deposit Rules, with the object of utilizing the interest thereon for "Nivedanam" and "Deeparadhane" in the Sri Lakshminarayanaswami temple built by him at the place and for feeding the Brahmin, Vaisya and other poor travellers and students and that Narasimhaiya and his grandson Lakshminaranaiya will administer the charities and furnish accounts to Government and recommending the acceptance of the deposit, as the object of the proposed endowment is a charitable one.

**Order No. 158-60—Muz. 570-16-2, dated 21st July 1917.**

Government are pleased to accept, under the Charitable Deposit Rules of July 1909, of the deposit of Rs. 6,000 offered by Mr. Narasimhaiya and to allow interest thereon at four per cent (half per cent, in excess of the rate allowed by the Government of India on their securities). In view however of the higher rate of interest for the time being prevailing, for public loans of short duration, and increased rate of interest allowed by Government on fixed deposits in Savings Bank, interest at five per cent will be allowed for the first five years on the deposit in question.

2. The Deputy Commissioner will take further action required under Rules IV and V of the Charitable Deposit Rules.

G. ARAVAMUDU IYENGAR,
*Joint. Secy. to Govt., Muz. Dept.*

**Preparation of Office and other Manuals.**

No. 192—E. A. G., DATED 19TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## GENERAL AND REVENUE DEPARTMENTS.

READ—

1. Government Order No. 136—E. A. G., dated the 21st December 1916, sanctioning a scheme for the preparation of office and other manuals.

2. Replies received from certain Heads of Departments and Secretaries concerned reporting in accordance with paragraphs 11 and 12 of the above order, the progress during the quarter ending 31st March 1917, and the additions and alterations needed in the list of Manuals appended to the above.

### Order No. 192—E A. G., dated 19th July 1917.

The statement of Manuals appended to the Government Order read above has been revised in the light of the suggestions of the several officers responsible, and the manuals numbered serially. In the case of Manuals under preparation, the progress of work is noted against each.

2. Of the 98 Manuals included in the list, 34 are complete and in use, 13 are in print, 33 are under compilation in several stages and 18 have yet to be undertaken.

3. Government trust that the officers responsible will take all steps necessary to ensure the completion of the Manuals which are under preparation or which have to be put in hand.

## No. 192—E. A. G., DATED 19TH JULY 1917.

### APPENDIX.

**Statement of Manuals and Compilations of Rules and Standing Orders.**
**(For the quarter ending 31st March 1917.)**

| Serial No. | Name of Manual or Compilation | Authority responsible for | | Progress up to end of March 1917 and remarks |
|---|---|---|---|---|
| | | Preparation | Maintenance | |
| | **I. FINANCIAL.** | | | |
| *1 | Mysore Service Regulations ... | ... | Financial Secretary. | |
| *2 | The Mysore Treasury Manual ... | ... | Comptroller, Civil Branch. | |
| *3 | Taluk Treasury Manual ... ... | ... | Do ... | |
| *4 | Office Manual for the Comptroller's Office, Civil Branch. | ... | Do ... | Parts I and VI revised and reprinted. |
| 5 | Office Manual for Public Works and Railway Branch of the Comptroller's Office. | Comptroller, Public Works and Railway Branch. | Comptroller, Public Works, and Railway Branch. | Chapter I (General procedure) printed and issued. For the rest, amalgamation of Civil and Public Works Branches awaited. |
| 6 | Traffic Audit Manual ... ... | Do ... | Do ... | Under preparation. |
| 7 | Manual of station accounts ... | Do ... | Do ... | Draft almost complete and expected to be ready before 1st July 1917. |
| 8 | Manual of inspection of station accounts. | Do ... | Do ... | |
| 9 | Manual of workshop accounts ... | Do ... | Do ... | Under preparation. |
| 10 | General Audit Manual for Railways ... | Do ... | Do ... | |
| *11 | Manual of appointments and allowances to gazetted and other officers. | Do ... | Comptroller, Civil Branch. | |
| 12 | Office Manual for the Insurance Secretary's Office. | Secretary, State Life Insurance Committee. | Secretary, State Life Insurance Committee. | Under print. |
| | **II. LAND REVENUE.** | | | |
| *13 | Revenue Manual ... ... | ... | Secretary to Government, Revenue Department. | Under contemplation to issue a revised edition. |
| 14 | Revenue Commissioner's Office Manual. | Revenue Commissioner. | Revenue Commissioner. | Three chapters drafted. |
| 15 | District Office Manual ... ... | Do ... | Do ... | Appointment of a Special Officer for compiling these Manuals was sanctioned recently. |
| 16 | Sub-Division Office Manual ... | Do ... | Do ... | |
| 17 | Taluk Manual ... ... | Special Officer ... | Do ... | Under print. |
| 18 | Village Officers' Manual ... | Do ... | Do ... | |
| 19 | Veterinary Departmental Manual ... | Revenue Commissioner. | Do ... | Under preparation. |
| 20 | Compilation of Circular orders issued by the Revenue Commissioner. | Do ... | Do ... | |
| | **III. EXCISE.** | | | |
| *21 | Excise Manual ... ... | ... | Excise Commissioner. | |
| *22 | Excise Commissioner's Office Manual ... | ... | Do ... | |
| | **IV. FORESTS.** | | | |
| 23 | Forest Manual ... ... | Conservator of Forests. | Conservator of Forests. | Except the last chapter of Part III of the Manual, all the rest have been scrutinised in the Secretariat and got ready for print. |
| 24 | Forest Code ... ... | ... | Do ... | Revised up-to-date in the Secretariat. |

*N. B.*—Those marked with an asterisk are complete and in use.

No. 192—E. A. G., DATED 19TH JULY 1917.

APPENDIX—*contd*

| Serial No | Name of Manual or Compilation | Authority responsible for | | Progress up to end of March 1917 and remarks |
|---|---|---|---|---|
| | | Preparation | Maintenance | |
| | V STAMPS. | | | |
| 25 | Stamp Manual ... ... | Stamp Commissioner | Stamp Commissioner | In print. |
| | VI. REGISTRATION. | | | |
| *26 | Registration Manual ... ... | ... | Inspector-General of Registration | |
| 27 | Office Manual for the office of the Inspector-General of Registration | Inspector-General of Registration | Do ... | Under print. |
| | VII (1) REVENUE SURVEY | | | |
| 28 | Manual of Circulars, Survey Department. | | | |
| 29 | Office Manual for the—<br>(1) Survey Superintendent's Office ..<br>(2) Deputy Superintendent's Office ...<br>(3) Assistant Superintendents' Offices<br>(4) Survey Headquarter Office .. | Survey Superintendent. | Survey Superintendent | Expected to be ready by the end of September 1917. |
| 30 | Settlement Manual ... ... | Do | Do ... | |
| | (2) INAMS. | | | |
| *31 | Inam Precis ... ... | ... | Inam Superintendent | Essential orders pertaining to the Department are outlined in the Revenue Manual. |
| | VIII. LEGISLATIVE. | | | |
| *32 | Mysore Code ... ... | ... | General Secretary. | |
| 33 | Rules framed under Acts and Regulations. | General Secretary | Do .. | Part I containing rules issued up to 1912 is in print. Rest under compilation. |
| 34 | Compilation of Standing Orders pertaining to the Legislative Council. | Do ... | Do ... | Issue of the consolidated rules pertaining to the discussion of the budget awaited to complete the collection. |
| | IX JUDICIAL. | | | |
| 35 | Civil Digest ... ... | ... | Chief Court ... | Revised edition in print. |
| 36 | Criminal Digest ... ... | ... | Do ... | |
| 37 | Office Manual for the Chief Court ... | Chief Court ... | Do ... | Manual approved by Government. |
| | X. POLICE. | | | |
| 38 | Police Manual ... ... | Inspector-General of Police. | Inspector-General of Police. | Draft Manual under scrutiny in the Secretariat. |
| 39 | Office Manual for the Inspector-General's Office. | Do ... | Do ... | Under revision with the Inspector-General of Police. |
| 40 | Office Manual for the District Superintendents' Offices. | Do ... | Do ... | |

*N B*—Those marked with an asterisk are complete and in use.

To—The Secretaries to Government and other Officers concerned.

---

*11. Revision of the Civil Service Rules.
*12. Revision of the Local Service Examination Rules.

**CONFIDENTIAL**

**S. O.**

**Backward Communities.**

No. 40-88 / E. A. G. 79

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT.
*Dated 21st July 1917.*

CIRCULAR MEMO.

*Letter No. 40—E. A. G. 79, dated 21st July 1917, from D. M. Narasinga Rao, Esq., B.A., B.L., Secretary to the Government of H. H. the Maharaja of Mysore, General Department, to Col. J. Desaraj Urs, C.I.E., M.V.O., Chief Commandant, Mysore State Troops.*

I am directed to refer to your letter No. 6823, dated the 23rd January 1917, requesting that Government may specify the backward communities which it is intended to encourage in the public service under Circular Memorandum No. 79—E. A. G., dated the 20th December 1916. I am to state that the preference contemplated in the Circular should be applied in favour of communities which possess a low percentage of literacy, as ascertained from the Census reports, or the members of which are not largely employed in the department or district to which recruitment is to be made.

---

Copy of the above is forwarded with compliments to the other Heads of Departments and the Deputy Commissioners of Districts.

By Order,

D. M. NARASINGA RAO,
*Secy. to Govt., Gen. Dept.*

**Raising the Permanent Strength of the Engineer Establishment.**

No. 1465-1518—P. W. 7605-7658, DATED 18TH JULY 1917.

## PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

## PUBLIC WORKS DEPARTMENT.

READ—

(1) Government Order No. 879-86—P W. 4532-39, dated the 9th May 1915, according sanction to the introduction of a Time-Scale of pay for the Engineer establishment of the Mysore Public Works Department and revising and fixing the number of permanent Executive Engineers at 14.

(2) Note* No. D. 548, dated the 5th December 1916, by the Secretary to Government, Public Works Department, submitting proposals for increasing the permanent strength of the Engineer establishment.

(3) Further note* No. D. 136, dated the 21st March 1917, by the same officer, discussing the financial effect of the revision proposed.

*Printed as accompaniments.

### Order No. 1465-1518—P. W. 7605-7658, dated 18th July 1917.

As the demands made on the Public Works Department by the Railway and other Departments for technical assistance have been increasing in recent years, the Public Works Secretary has, in his note dated the 5th December 1916, reviewed the requirements of his Department in point of Engineer establishment and represented that it is not possible to satisfy the demands for establishment from other Departments without a proportionate increase in the sanctioned cadre of this Department. He has therefore recommended that the sanctioned scale may be raised by 4 Executive Engineers, 8 Assistant Engineers and 12 Sub-Assistant Engineers.

2. It has been clearly shown that, even after increasing the permanent strength as now proposed, the total demand on the Public Works establishment from all Departments (including the Railway Department) will not be adequately met. For instance, the number of officers required for permanent employment in the Railway Department alone will be 3 Executive Engineers, 3 Assistant Engineers and 4 Sub-Assistant Engineers. If to this number be added the number of Engineer officers needed for the management of, and the regulation of water from, the Krishnaraja Sagara and the canals drawn therefrom (when the whole project is completed) as well as for the Marahmat and other Departments, the number required to meet actual requirements will be in considerable excess of the permanent additions now recommended.

3. As regards the financial effect of the revision, it is estimated that the increase of cost involved by raising the number of officers, as proposed, would amount to Rs. 7,824 per month, but a sum of Rs. 6,667 out of this increase is reported to be debitable to other Departments to which the services of Engineer officers are lent. The net increase on the sanctioned cost for the Engineer establishment will therefore be only Rs. 796 per month.

4. In order to meet the professional requirements of the Public Works and other Departments, including the Railway Surveys and Construction, the Government of His Highness the Maharaja are pleased to convey sanction to the permanent strength of the Engineer establishment being increased by 4 Executive Engineers, 8 Assistant Engineers and 12 Sub-Assistant Engineers.

No. 1465-1518—P. W. 7605-7658, DATED 18TH JULY 1917.

The revised scale now sanctioned will stand as shown below.—

| | Sanctioned scale. | No. as now revised and sanctioned. |
|---|---|---|
| Executive Engineers ... | ... 14 | 18 |
| Assistant Engineers ... | ... 20 | 28 |
| Sub-Assistant Engineers ... | ... 20 | 32 |
| | 54 | 78 |

KARPUR SHRINIVASRAO,
*Secy. to Govt., P. W. Dept.*

To—The Chief Engineer, Krishnaraja Sagara Works.
The Superintending Engineers, Northern and Southern Circles.
The Executive Engineers of Divisions.
The Comptroller, Public Works Branch (through the Financial Secretary to Government).
The Financial Secretary to Government.
The Secretary to Government, General Department.
" " Revenue Department.
" " Departments of Education and Agriculture.
" " for Railways.
The Revenue Commissioner in Mysore.
The Deputy Commissioners of Districts.
The Heads of Departments.

Exd—C. R.

## No. 1465-1518--P. W. 7605-7658, DATED 18TH JULY 1917.

ANNEXURES.

*Note No. D. 548, dated the 5th December 1916, by the Secretary to Government, Public Works Department, to the Dewan of Mysore.*

I beg to submit proposals for increasing the permanent strength of the Engineer establishment, as the demands made by other Departments on the establishment of this Department for technical assistance have been growing of late. As it is, the resources of this Department have been taxed to the utmost, and without a proportionate increase in the sanctioned cadre, it will not be practicable to carry on satisfactorily even the normal operations of this Department.

2. The officers of the Public Works Department are now distributed on works of different descriptions, such as—

(1) Public Works proper in the eight districts,

(2) Cauvery Reservoir Works,

(3) Marahmat works under the Revenue Department,

(4) Railway works, and

(5) Special works of other Departments, such as Education, Agriculture, Industries, etc.

3. A list of all the officers, now in service, both permanent and temporary, (Statement* No. I) showing how they are employed at present, is herewith attached. It will give an idea as to how many officers are actually working in the Public Works Department proper and how many have been deputed on other works or lent to other Departments noted above.

4. I beg to invite reference to Statement* No. II enclosed, which forms an abstract of Statement No. I. It shows the distribution of the existing officers by different departments. Item (1) in the statement shows the number of officers of the different classes actually working in the Public Works Department proper, while items (2), (3), (4) and (5) indicate the number of officers lent to other Departments, including the Cauvery Reservoir Works.

5. This statement clearly shows (columns 3, 7, 11 and 15) that there are 56 permanent officers of different grades sanctioned for the Public Works Department proper, and if the officers temporarily sanctioned for the Cauvery Reservoir Works are included, the total will be 78 officers. Now of the 56 permanent officers, it will be surprising to find there are only 7 officers working in the Public Works Department (*vide* columns 4, 8, 12 and 16, of item proper,) and all the remaining (56—7)=49 vacancies have no permanent incumbents at all.

| | General P. W. D. | Cauvery Reservoir. |
|---|---|---|
| Superintending Engineers ... | 2 | 1 |
| Executive Engineers ... | 11 | 2 |
| Assistant Engineers ... | 20 | 12 |
| Sub-Assistant Engineers... | 20 | 7 |
| | 56 | 22 |
| Total ... | 78 | |

*Permanent officers.*

| | |
|---|---|
| Superintending Engineer ... ... | 1 |
| Executive Engineers ... ... | 5 |
| Assistant Engineer ... ... | 1 |
| Sub-Assistant Engineers ... ... | Nil |
| Total ... | 7 |

6. It has not been found possible to make up this deficit number. Only officiating arrangements are made to fill up these permanent vacancies. Even with these temporary arrangements, only 24 incumbents of different classes have been employed to fill up some of the 49 vacancies in the permanent scale, and for the remaining 25 appointments, it has not been possible to find suitable hands at all (*vide* columns 5, 9, 13 and 17 of item 1).

| | |
|---|---|
| Superintending Engineers ... ... | 2 |
| Executive Engineers ... ... | 5 |
| Assistant Engineers ... ... | 6 |
| Sub-Assistant Engineers ... ... | 11 |
| Total ... | 24 |

7. This contrast between the real requirements of the Department proper and the actual number working, is the result of the depletion due to the actual provision out of the sanctioned number for Public Works Department proper, of all the necessary establishment for the Cauvery Reservoir Works and other Departments, more or less according to the sanctioned scale. In fact, 25 officers have been temporarily sanctioned for the Cauvery Reservoir Works, including the 3 borne on the permanent scale, and fully 21 officers have been found and employed on these important works, there being only a deficit of 4 officers from the number sanctioned for these works.

| | |
|---|---|
| Superintending Engineer ... ... | 1 |
| Executive Engineers ... ... | 5 |
| Assistant Engineers ... ... | 2 |
| Sub-Assistant Engineers ... ... | 13 |
| Total | 21 |

* Not printed.

No. 1465-1518- P. W. 7C05-7658, DATED 18TH JULY 1917.

8. Further, the engineering activities of the State have been developed in all directions. We have a regular Railway Department newly organised, as also the Industrial Department. The Marabmat Department has been recently constituted. Besides these, the Educational and the Agricultural Departments have also had their own engineering activities as well as the Municipalities. It would not have concerned this Department in any way if these various engineering activities in other Departments had been carried on by establishment specially recruited for the purpose. Every time anything new in the Engineering line is proposed or instituted in any of these outside Departments, the Public Works Department has been called upon to supply the hands, and the natural result is that the resources of the Engineering Department proper are crippled to the utmost.

9. Statement II (item 3) will show that eight new appointments are created in the Marabmat Department, for which 4 officers and 4 Supervisors have been lent by this Department. The newly organised Railway Department has taken away as many as 14 of the Public Works Department officers (item 4). Similarly, to meet the engineering demands of the Industrial, Educational, Agricultural, Municipal and General Departments, 10 more officers have been lent from this Department (item 5).

10. In all, there is a total demand of 32 officers from all other Departments and all these demands have been fully met by drafting 28 officers and 4 Supervisors from this Department, as shown in the margin.

| | Requirements of Railway and other Departments | Actual number lent |
|---|---|---|
| Executive Engineers ... | 4 | 4 |
| Assistant Engineers ... | 6 | 9 |
| Sub-Assistant Engineers ... | 22 | 15 |
| Total .. | 32 | 28 |

11. It has also been shown that 25 officers have been actually sanctioned for the Cauvery Reservoir and allied works, and of these, 21 officers have already been supplied. Thus (21+28) =49 officers have been lent to the other Departments as well as the Cauvery Reservoir Works against a demand of (25+32) =57 officers for the same.

12. This amply accounts for the large number of vacancies in the Public Works Department proper, of which only 24 have been somehow filled by officiating arrangements, there being still a deficit of 25 officers in the Public Works Department proper. The result is that nearly all the present appointments in the Public Works Department are made more or less on the officiating basis as shown above; while nearly most of the Sub-Divisions are manned by junior Overseers and in several cases even by Sub-Overseers. With such a state of things it is not possible to expect to maintain a high tone of efficiency in the Department, and the indirect loss due to want of proper supervision is much more than the gain of working the Department with such cheap and undermanned establishment.

13. If it can be shown that this demand of 57 officers (*vide* para 11) is more or less of a permanent nature, there will be ample justification to urge that some permanent arrangement may be made to meet this extra demand independently of this Department; or that arrangements may be made to increase the strength of the Engineer establishment of the Public Works Department to meet these outside demands from the regular staff.

14. The Cauvery Reservoir Works, for which 25 hands have been provided, can be safely taken to be more or less of a permanent nature, requiring nearly the whole of the establishment now provided for. There are now 5 Executive charges and all these will continue for at least three years more, till the dam works are completed. By that time, the High Level Canal works will be started, and they will require all the present establishment and more. Even after the whole of the canal and the dam works are completed, it would be necessary to have 2 Executive Engineers to manage the High Level Canal properly as well as 1 for the dam and 1 for the other canals depending on the dam, in all making 4 Executive Engineers with corresponding Assistant and Sub-Assistant Engineers. It would thus be quite safe to provide for 20 permanent hands in connection with the Cauvery Reservoir Works, *viz.*,

**4 Executive Engineers.**
**8 Assistant Engineers.**
**8 Sub-Assistant Engineers.**

**20 officers.**

15. **The 32 new appointments of the Railway and other Departments are also of a more or less permanent nature and there is no prospect of this number being materially reduced below 24 hands at the least, as shown in the margin.**

| | |
|---|---|
| For the Railway Department ... | 10 |
| For the Education do ... | 2 |
| For the Marabmat do ... | 8 |
| For the Palace do ... | 2 |
| For other Departments ... | 2 |
| Total ... | 24 |

**The total expected permanent demand may therefore be taken as 20+24 or 44 hands at the least.**

No. 1465-1518—P. W. 7605-7658, DATED 18TH JULY 1917.

16. But to be on the safe side, I propose that only 25 permanent additions may be made to the Department as under :—

| | |
|---|---|
| Deputy Chief Engineer to be treated as a Superintending Engineer .. | 1 |
| Executive Engineers . ... .. ... | 4 |
| Assistant Engineers ... ... ... ... | 8 |
| Sub-Assistant Engineers .. .. ... ... | 12 |
| Total ... | 25 |

This is exactly the number of permanent vacancies unfilled in the Public Works Department (*vide* para 6).

17. Under the above circumstances, it is hardly necessary to offer further explanations to justify this very moderate demand for extra permanent establishment. Only a few remarks are therefore necessary

(i) The provision of 1 permanent appointment as Deputy Chief Engineer does not require any explanation. For the Secretariat work, a Deputy Chief Engineer has always been employed and the demand for such an appointment is all the greater because of the large number of works due to the Cauvery Reservoir activities.

(ii) Of the 4 Executive Engineers, the Railway Department requires 3 Executive Engineers permanently and 1 Executive Engineer is also permanently required to work as Special Assistant to the Chief Engineer in the Secretariat.

(iii) Of the 8 Assistant Engineers now provided for, 2 are permanently required for the Educational Department, 3 for the Railway Department, 1 for the Secretariat, 1 for the Industries Department and 1 for the Palace.

(iv) Of the 12 Sub-Assistant Engineers, 8 are permanently required for the 8 Marahmat Districts, and 4 men are permanently wanted for the Railway Department.

In making these proposals, no margin whatever has been left for absentees on leave, etc.

18. Accordingly, the number of extra permanent hands provided for under the several classes will in no way be excessive. As a matter of fact, the total demand at present for Public Works from all sources is as much as 111 hands, to meet which we have *only 56 permanent* incumbents in the several grades. There is thus scope at present to employ as many as (111−56) = 55 new men to meet the present demands. It has been possible to find only 80 men to take up these 111 places, there being still 31 vacancies to be filled up as shown in Statement* III. There can therefore be no fear whatever that the addition of 25 men only to the permanent scale will cause any sort of future embarassment, as even with this addition the total number of permanent officers will be only (56+25) = 81 against a total present demand of 111 officers.

| | Now required | Proposed |
|---|---|---|
| Superintending Engineers ... | 2 | 1 |
| Executive Engineers ... . | 6 | 4 |
| Assistant Engineers .. . | 18 | 8 |
| Sub-Assistant Engineers .. | 29 | 12 |
| Total .. | 55 | 25 |

19. The incumbents for these new appointments are ready at hand in the shape of as many as 30 well qualified Sub-Assistant Engineers, some of whom have already put in up to 4 years' service without any prospect of confirmation or promotion. The appointments to the higher classes will be made by promotion and confirmation of the officiating incumbents as may be necessary.

20. The provision for the extra establishment has been based on very careful considerations from all points of view and Mr. K. Krishnaiengar, Railway Secretary, who has been freely consulted in all these matters, is in full accord with these proposals.

21. * * * * * *

22. I therefore request that sanction may be accorded :—

(1) to treat the Deputy Chief Engineer as permanent Superintending Engineer,

(2) to allot 1 Executive Engineer and 1 Assistant Engineer to the Secretariat,

(3) to allot 3 Executive Engineers, 3 Assistant Engineers and 4 Sub-Assistant Engineers to meet the permanent demands of the Railway Department,

(4) to allot 1 Assistant Engineer to the Palace, 1 to the Industrial Department and 2 to the Educational Department,

(5) to allot 8 Sub-Assistant Engineers to the Marahmat Department, and

(6) as a result of the above, to increase the permanent staff of the Department by,

## No. 1465-1518—P. W. 7605-7658, DATED 18TH JULY 1917.

1 Deputy Chief Engineer or Superintending Engineer,
4 Executive Engineers,
8 Assistant Engineers, and
12 Sub-Assistant Engineers.

---

*Note No. D. 130, dated the 21st March 1917, by the Secretary to Government, Public Works Department, to the Dewan of Mysore.*

---

* * * * *

2. The principal recommendations as summarised in paragraph 22 of this office note No. D. 548, dated the 5th December 1916 and the action since taken on them are:—

(1) To treat the Deputy Chief Engineer as permanent Superintending Engineer. This question was separately dealt with and is now before Government, having been ordered to be placed before Council, *vide* this office note No. D. 94, dated the 24th February 1917.

(2) To increase the permanent cadre of the Public Works Department by 4 Executive Engineers, 8 Assistant Engineers, and 12 Sub-Assistant Engineers. This question is the one under discussion.

3. The only proposal to which the Financial Secretary does not agree is to provide permanently in the Public Works Department for the requirements of the Railway Department. From the memo given to me by the Railway Secretary, it will be seen that the minimum number wanted for that Department, and which is likely to be continued (at least for some years) is 3 Executive Engineers, 3 Assistant Engineers, and 4 Sub-Assistant Engineers. Of these, the Financial Secretary would disallow those provided for surveys and construction, *viz.*, 2 Executive Engineers, 2 Assistant Engineers and 2 Sub-Assistant Engineers, and retain only 1 Executive Engineer, 1 Assistant Engineer and 2 Sub-Assistant Engineers required for open lines.

In consideration of the fact that the Mysore-Arsikere line (about 120 miles) is likely to be opened for traffic in July next and the line already worked by the State Railway Department is 92 miles, even the number now estimated for open lines will be too small and may have to be increased in the near future. It would therefore be better to provide once for all for the full number required, and there will be sufficient work for all of them. One of the Engineer officers now allowed to work as Personal and Engineering Assistant to the Agent in the Head Office, has *not* been taken into account. Accordingly, the number of officers required for the Railways as already provided for may be kindly retained.

4. Financially, the strengthening of the establishment as proposed will involve an increased cost of Rs. 7,824 a month, *vide* proposition statement* attached; but a portion of this increase will be borne by the Departments to which some of the officers are to be lent.

5. The normal cost of the sanctioned cadre is Rs. 23,216⅔ and the cost of the establishment as proposed to be revised is Rs. 31,040⅓. The difference is Rs. 7,824. Of this, the pay of the Engineer officers to be borne by the several departments will be:—

| | Rs. |
|---|---|
| By the Railway Department ... ... ... | 3,854⅓ |
| By the Educational Department ... ... ... | 696⅔ |
| By the Department of Industries and Commerce ... | 348⅓ |
| By the Palace Department ... ... ... | 348⅓ |
| By the Marahmat Department ... ... ... | 1,429⅓ |
| Total ... | 6,677⅓ |

The extra cost to be borne by the Public Works Department will thus be reduced to Rs. 796⅔ per month.

6. The favour of very early sanction is solicited to the reorganisation of the Engineer establishment, as proposed.

READ—

(1) G.O. No. 1597-1600 A to L—P. W. 9557-60 A to L, dated the 13th November 1913, according general approval to the recommendations of the Chief Engineer in the matter of Irrigation Improvements in Mysore, and directing that detailed proposals be formulated for the formation of an Irrigation Division for carrying out certain investigations and operations to give effect to such recommendations.

(2) G.O. No. 784-822—P W. 3762-3800, dated the 20th April 1914, sanctioning the constitution of an Irrigation Division tentatively for a period of three years, with headquarters at Bangalore, with the requisite establishment.

(3) Note No. D. 113, dated the 9th March 1917, by the Public Works Secretary, on the question of the continuance of the Irrigation Division for a further period of three years.

(4) Note dated 12th July 1917, by the Chief Engineer for Irrigation, recommending the continuance of the Division.

---

### Order No. 1606-43—P. W. 8160-97, dated 30th July 1917.

In the orders read above, the formation of the Irrigation Division was sanctioned tentatively for a period of three years to carry on the investigations detailed in the Irrigation Chief Engineer's note dated the 8th October 1912, and the Division was regularly organised for work on the 1st July 1914.

2. The results achieved during the past two years and a half may be summarised as below :—

(1) Rules have been framed for conserving and distributing economically the supply in the selected tanks.

(2) A proportionate increase has been effected in the cultivated area under the tanks directly under the management of the Division.

(3) Lands at the tail end of channels, on which no crop could be raised for want of water, have now plentiful supply and even two crops are harvested, *vide* Statement I.

(4) Intensive cultivation and the growth of high-rated crops have received sufficient stimulus, as may be seen from Statement II.

(5) Gauging Stations have been selected and operations begun, the observed hydraulic data for two years being on record.

(6) Tank Maps and Serial Registers have been revised and completed.

(7) The Block System of Irrigation under the Marikanave Reservoir was brought into full working order.

3. The results obtained so far point to the desirability of extending the operations of the Division to more tanks in the State, and to other irrigated tracts, and to do this effectually, it will take at least two years more.

4. The Secretary, Public Works Department, suggested as an alternative that the Irrigation Division might be abolished and this work entrusted to the Executive Engineers of the Divisions, with a special Sub-Division under each to deal with the tanks. The annual cost of this was estimated at about Rs. 76,000 per annum against Rs. 31,656 sanctioned for the Irrigation Division. But not only does this proposal involve a larger expenditure, but it will not also be conducive to unity of action. The Executive Engineers will have very little time to attend to special work of this nature, and as a result, the Sub-Division Officers will be left very much to themselves.

No. 1606-43—P. W. 8160-97, DATED 30TH JULY 1917.

5. In these circumstances, Government are of opinion that it is necessary to continue the Irrigation Division for at least two years more, in order that the programme sketched out in paragraphs 2 and 3 above may be fully worked out. They are accordingly pleased to sanction the continuance of the Division for a further period of two years with effect from the 1st July 1917.

KARPUR SHRINIVASRAO,

## RAILWAY DEPARTMENT.

---

READ—

Railway Secretary's Note No. R. S. 544, dated 16th April 1917, regarding the preparation of Railway Manuals.

---

**Order No. R. S. 69-73—Ry. F. O. L 76-17-18, dated 9th July 1917.**

The following Manuals are required for the different branches of Railway Administration :—

(1) General Rules for Open Lines with subsidiary rules of the Mysore State Railways.
(2) Engineering Manual.
(3) Locomotive, Carriage and Waggon Manual.
(4) Traffic Manual.
(5) Accounts Manuals.

2. The Accounts Manuals are being prepared by the Comptroller, Public Works and Railway Branch. With regard to other Manuals, it is not found possible to entrust the work to the respective Heads of Departments and Government are therefore pleased to place Mr. K. Srinivasaiengar, District Loco Superintendent, on special duty for three months to compile the first three Manuals referred to above, the Traffic Manual being prepared by Mr. K. Gundappa, Assistant Traffic Superintendent, under the general guidance of the Agent and in consultation with the Heads of Departments.

3. The Railway Secretary should see that the time limit prescribed is strictly adhered to, by himself taking the necessary responsibility of preparing a suitable programme of work beforehand for the guidance of all concerned.

D. G. DANI,
*Ag. Secy. for Railways, Govt. of Mysore.*

To—The Agent, Mysore State Railways.
The Comptroller, Public Works and Railway Branch (through the Financial Department).
Mr. K. Srinivasaiengar, District Loco Superintendent, Mysore State Railways (on special duty).
Mr. K. Gundappa, Assistant Traffic Superintendent.

Exd.—C. R.
